Original Adopted Date: 09/01/1992 | **Last Revised Date:** 07/01/2006

The Governing Board desires to provide a comprehensive, research-based curriculum that motivates every student to succeed. The district's educational program shall provide students with opportunities to attain the skills, knowledge, and abilities they need to be successful in school and develop to their full potential.

Strategies for improving the educational program shall take into consideration the needs of individual students and subpopulations of students. Students who are failing or at risk of failing to meet academic standards shall be provided with alternative programs and/or supplemental assistance designed to raise achievement.

Inasmuch as parents/guardians are critical partners in their children's education, parents/guardians shall be provided with opportunities to be meaningfully involved both in support of their children's education program at school and with learning at home.

The Board shall:

1. Establish standards of student achievement for core subjects at each grade level that are aligned with the district's vision for student learning, the specific needs and strengths of the students, the expectations of parents/guardians and the community, and available resources
2. Establish graduation requirements
3. Ensure that a process is in place, involving teachers, administrators, students, and parents/guardians, for the development and review of the district's curriculum
4. Adopt the district curriculum and courses of study to be offered
5. Adopt textbooks and other instructional materials
6. Support the professional staff's implementation of the curriculum by providing consistent policy direction, allocating resources based on educational program priorities, ensuring that collective bargaining agreements do not constrain the district's ability to achieve curricular goals, recognizing staff accomplishments, and including reasonable annual goals related to student learning in the Superintendent evaluation process
7. Provide a continuing program of professional development to keep instructional staff, administrators, and Board members updated about current issues and research pertaining to curriculum, instructional strategies, and student assessment
8. Review and evaluate the educational program on the basis of state and federal accountability measures, disaggregated student achievement data, and other indicators and ensure that evaluation results are used to improve programs, curriculum, and/or instructional practices as necessary to enhance student achievement
9. Communicate clear information about district instructional goals, programs, and progress in student achievement to the community and media

The Superintendent or designee shall:

1. Review research related to curriculum issues
2. Select and/or develop curricula for recommendation to the Board in accordance with the district's curriculum development and review process
3. Ensure the articulation of the curriculum between grade levels and with postsecondary education and the workplace
4. Determine the general methods of instruction to be used
5. Assign instructors and schedule classes for all curricular offerings

6. Recommend instructional materials to the Board and direct the purchase of approved materials and equipment
7. Evaluate and report to the Board on student achievement as demonstrated through testing and other types of appraisal, and recommend necessary changes in curriculum, programs, and instruction as indicated by student performance data

Comparability in Instruction

The district shall provide comparable educational opportunities for all students. Instruction in the core curriculum shall be in no way diminished when students receive supplementary services funded by special governmental programs. Services funded by any categorical program shall supplement, not supplant, the district-provided core curriculum and any services which may be provided by other categorical programs.

Policy 6011: Academic Standards

Status: DRAFT

Original Adopted Date: 03/01/2000 | **Last Revised Date:** 11/01/2010

The Governing Board shall adopt high standards for student achievement which challenge all students to reach their full potential and specify what students are expected to know and to be able to do at each grade level and in each area of study. These standards shall reflect the knowledge and skills needed for students to be adequately prepared for postsecondary education, employment, and responsible citizenship.

The Superintendent or designee shall provide the Board with recommended standards using a process that involves teachers, school site and district administrators, students, parents/guardians, representatives from business/industry and postsecondary institutions, and/or community members. He/she shall ensure the proper articulation of standards between grade levels and the alignment of the standards with the district's vision and goals, graduation requirements, college entrance requirements, and other desired student outcomes. He/she also shall ensure that the standards are easily understandable and measurable.

District content standards for English language arts, English language development, mathematics, science, health education, history-social science, physical education, visual and performing arts, world languages, career technical education, and preschool education shall meet or exceed statewide model content standards adopted by the State Board of Education or the State Superintendent of Public Instruction as applicable.

District curriculum, instruction, student assessments, and evaluations of the instructional program shall be aligned with district content standards. In accordance with Education Code 44662, standards of expected student achievement also shall be used in evaluating teacher performance.

Teachers and school administrators shall receive ongoing professional development to inform them of changes in the standards and to build their capacity to implement effective standards-based instructional methodologies.

The Superintendent or designee shall annually communicate the applicable standards to students and their parents/guardians to inform them of the expectations for student learning at their grade level.

Staff shall continually assess students' progress toward meeting the standards, report each student's progress to the student and his/her parents/guardians, and offer remedial assistance in accordance with Board policy and administrative regulation.

The Superintendent or designee shall ensure that district standards are regularly reviewed and updated as necessary. At a minimum, district standards shall be reviewed whenever applicable statewide standards are revised and in response to changing student needs.

Policy 6020: Parent Involvement

Status: DRAFT

Original Adopted Date: 06/01/1996 | **Last Revised Date:** 05/01/2020

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with parents/guardians and family members to jointly develop and agree upon policy and strategies to meaningfully involve parents/guardians and family members in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

The district's local control and accountability plan (LCAP) shall include goals and strategies for parent/guardian involvement and family engagement, including district efforts to seek parent/guardian input in district and school site decision making and to promote parent/guardian participation in programs for English learners, foster youth, students eligible for free and reduced-price meals, and students with disabilities. (Education Code 42238.02, 52060)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent/guardian and family engagement efforts, including, but not limited to, input from parents/guardians, family members, and school staff on the adequacy of involvement opportunities and on barriers that may inhibit participation.

2. Support for programs that reach parents/guardians and family members at home, in the community, and at school
3. Dissemination of information on best practices focused on parent/guardian and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents/guardians and family members
4. Collaboration, or the provision of subgrants to schools to enable collaboration, with community-based or other organizations or employers with a record of success in improving and increasing parent/guardian and family engagement
5. Any other activities and strategies that the district determines are appropriate and consistent with this policy

If the district also receives funds under federal Title IV, Part E, to coordinate and enhance family engagement programs, the Superintendent or designee shall inform parents/guardians and organizations of the existence of Title IV. (20 USC 6318)

The district's Board policy and administrative regulation containing parent/guardian and family engagement strategies shall be incorporated into the district's LCAP in accordance with 20 USC 6312. (20 USC 6318)

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent/guardian and family engagement policy in accordance with 20 USC 6318.

District and school-level parent/guardian and family engagement policies and administrative regulations shall be distributed to parents/guardians of students participating in Title I programs and shall be available to the local community. Parents/guardians shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents/guardians can understand. (20 USC 6318)

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. Policy 6141: Curriculum Development And Evaluation

Status: DRAFT

Original Adopted Date: 09/01/1988 | **Last Revised Date:** 07/01/2008

The Board of Education desires to provide a research-based, sequential curriculum which promotes high levels of student achievement and emphasizes the development of basic skills, problem solving, and decision making. Upon recommendation of the Superintendent or designee, the Board shall adopt a written district curriculum which describes, for each subject area and grade level, the content objectives which are to be taught in all district schools.

The district's curriculum shall be aligned with the district's vision and goals for student learning, Board policies, academic content standards, state curriculum frameworks, state and district assessments, graduation requirements, school and district improvement plans, and, when necessary, related legal requirements.

The Superintendent or designee shall establish a process for curriculum development, selection, and/or adaptation which utilizes the professional expertise of teachers, principals, and district administrators representing various grade levels, disciplines, special programs, and categories of students as appropriate. The process also may provide opportunities for input from students, parents/guardians, representatives of local businesses and postsecondary institutions, and other community members.

The selection and evaluation of instructional materials shall be coordinated with the curriculum development and evaluation process.

When presenting a recommended curriculum for adoption, the Superintendent or designee shall provide research, data, or other evidence demonstrating the proven effectiveness of the proposed curriculum. He/she also shall present information about the resources that would be necessary to successfully implement the curriculum and describe any modifications or supplementary services that would be needed to make the curriculum accessible to all students.

The Board shall establish a review cycle for regularly evaluating the district's curriculum in order to ensure continued alignment with state and district goals for student achievement. At a minimum, these reviews shall be conducted whenever the State Board of Education adopts new or revised content standards or the curriculum framework for a particular subject or when new law requires a change or addition to the curriculum.

In addition, the Board may require a review of the curriculum in one or more subject areas as needed in response to student assessment results; feedback from teachers, administrators, or parent/guardians; new research on program effectiveness; or changing student needs.

Regulation 6141: Curriculum Development And Evaluation

Status: DRAFT

Original Adopted Date: 07/01/2008

Curriculum Review Committee

The Superintendent or designee may establish a curriculum review committee to evaluate and recommend curriculum for Governing Board approval. This committee shall consist of a majority of teachers and may also include administrators, other staff who have subject-matter expertise, parents/guardians, representatives of local businesses and postsecondary institutions, other community members, and students as appropriate. This committee may be the same committee charged with the evaluation and recommendation of instructional materials pursuant to Board policy and administrative regulation.

Curriculum Development/Selection Process

The Superintendent or designee shall research and identify available curriculum in the subject area(s) and grade level(s) scheduled for review. He/she may select a limited number of programs to present to the curriculum review committee for evaluation.

The committee shall recommend the curriculum that best meets the district's needs based on the following criteria and any additional factors deemed relevant by the committee:

1. Analysis of the effectiveness of the existing district curriculum for all students, including student achievement data disaggregated by grade level and student population
2. Alignment of the proposed curriculum with expectations established by the Board and the State Board of Education as to what students need to know and be able to do in the subject(s) and grade level(s) under consideration
3. Evidence of proven effectiveness of the proposed curriculum in raising student achievement, including the research and learning theory upon which the curriculum is based

5. The estimated cost to purchase, adapt, and/or develop the curriculum

8. Any potential impact on other parts of the educational program

If it is determined that available prepackaged curriculum is not cost effective or is inadequate to meet the needs of the district's students, the Superintendent or designee may adapt curriculum or develop new curriculum. Curriculum modification or development shall be performed by teachers, school administrators, and district administrators, with support and assistance, when available, from curriculum experts from the county office of education, postsecondary institutions, and/or curriculum or professional associations. Any modified or new curriculum shall be reviewed by the curriculum committee in accordance with the above criteria prior to being recommended to the Board.

Upon approval by the Board, a new curriculum may be implemented in a limited number of schools or classrooms on a pilot basis so that modifications may be made as necessary before implementing the curriculum districtwide.

Policy 6141.2: Recognition Of Religious Beliefs And Customs

Status: DRAFT

Original Adopted Date: 12/01/1988 | **Last Revised Date:** 03/01/2004

The Board of Education recognizes that students' education would be incomplete without an understanding of the role of religion in society. As appropriate for a particular course, teachers may objectively discuss the influences of various religions, using religious works and symbols to illustrate their relationship with culture, literature or the arts. The Board expects that such instruction will identify principles common to all religions and foster respect for the diversity of religions and customs in the world.

In order to respect each student's individual right to freedom of religious practice, religious indoctrination is clearly forbidden in the public schools. Instruction about religion shall not promote or denigrate the beliefs or customs of any particular religion or sect, nor should a preference be shown for one religious viewpoint over another. Staff members shall be highly sensitive to their obligation not to interfere with the religious development of any student in whatever tradition the student embraces.

Staff shall not endorse, encourage or solicit religious or anti-religious expression or activities among students during class time. As part of their official duties, staff shall not lead students in prayer or other religious activities. However, staff shall not prohibit or discourage any student from praying or otherwise expressing his/her religious belief as long as this does not disrupt the classroom.

Students may express their beliefs about religion in their homework, artwork and other class work if the expression is germane to the assignment. Such work shall be judged by ordinary academic standards.

While teaching about religious holidays is a permissible part of the educational program, celebrating religious holidays is not allowed in the public schools. School-sponsored programs shall not be, nor have the effect of being, religiously oriented or a religious celebration. School and classroom decorations may express seasonal themes that are not religious in nature.

Music, art, literature or drama programs having religious themes are permitted as part of the curriculum for school-sponsored activities and programs if presented in an objective manner and as a traditional part of the cultural and religious heritage. The use of religious symbols that are part of a religious holiday is permitted as a teaching aid or resource provided that such symbols are displayed as an example of cultural and religious heritage of the holiday and are temporary in nature.

Regulation 6141.2: Recognition Of Religious Beliefs And Customs

Status: DRAFT

Original Adopted Date: 05/01/1985 | **Last Revised Date:** 03/01/2004

Staff shall make every effort to schedule one-time events, such as examinations, school-sponsored trips, special laboratories, picture-taking days and class parties, to minimize conflicts with major religious holidays of all faiths.

Programs and Exhibits

When school programs and exhibits are in any way related to instruction about religion or religious holidays, the following guidelines shall be observed:

1. The principal or designee shall ensure that school-sponsored programs are presented in an objective manner, consistent with Board policy.
 2. The principal or designee shall be kept informed of the program's development.

The Superintendent or designee shall recommend subject areas for AP courses at each school based on student interest and the availability of qualified certificated staff, instructional materials, and other resources. The Superintendent or designee shall also explore alternative methods of delivering AP courses, such as online courses or distance learning.

The Superintendent or designee may consult and collaborate with feeder schools to ensure that students are offered the opportunity to take coursework that will prepare them for AP courses.

All students who meet course prerequisites shall have equal access to AP courses.

Grades for AP courses shall be assigned in accordance with Board policy and administrative regulation.

The Superintendent or designee shall make efforts to encourage students to participate in AP courses and to take end-of-course AP exams by creating support systems for AP students, such as resource centers and programs to recognize student accomplishments. In addition, the Superintendent or designee may explore partnerships with colleges and universities to help encourage students to pursue postsecondary education.

To increase the capacity of district schools to offer AP courses, the Superintendent or designee shall provide staff development and support to teachers of such courses. This professional development may include, but is not limited to, opportunities for teachers to obtain information on the curriculum of specific courses, instructional methods, and data-driven decision making; mentoring for prospective teachers of AP courses; and opportunities for staff within the district to share course syllabi and practices.

The Board desires that every district AP course receive authorization to use the AP designation by the College Board. To that end, the Superintendent or designee shall coordinate the process for submitting courses for approval as part of the College Board AP course audit.

Examination Fee

To the extent feasible, the district shall reduce the cost of AP examination fees for eligible low-income students. At the beginning of each school year, the Superintendent or designee shall notify parents/guardians of the availability of funds for this purpose and shall provide information on how income-eligible students may apply for funding.

The Superintendent or designee shall recommend a variety of world languages to be taught in the district's educational program based on student interest, community needs, and available resources.

For any program designed to provide students with instruction in a language other than English to a degree sufficient to produce proficiency in that language, the Superintendent or designee shall establish a process for schools to receive and respond to input from parents/guardians and other stakeholders regarding the non-English language in which instruction will be provided. (5 CCR 11300, 11312)

If American Sign Language courses are offered, they shall be open to all students regardless of hearing status.

The district shall offer a sequential curriculum aligned with the state content standards, state curriculum framework, and, as applicable, California university admission requirements for languages other than English.

Instruction in world languages shall be offered to secondary school students beginning no later than grade 7 and shall be designed to develop students' skills in understanding, speaking, reading, and writing the language. (Education Code 51220)

The district may establish a dual-language immersion program that provides integrated language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. (Education Code 305-306)

The Board shall ensure that students have access to high-quality instructional materials in world languages. In accordance with Board policy, teachers shall be encouraged to identify and use supplemental resources, such as literature, technology, newspapers and other media, dictionaries, and volunteers from the community to enhance the world language instructional program.

The Superintendent or designee shall provide professional development as necessary to ensure that teachers of world languages have the knowledge and skills they need to implement an effective instructional program that helps students attain academic standards, including communicative and cultural proficiency and understanding.

Students shall obtain credit toward high school graduation requirements for completing one year of a world language or American Sign Language course during grades 9-12.

The district shall determine appropriate measures to assess student proficiency in world languages offered by district schools. 2. A 90:10 model in which instruction is provided in the non-English target language for 90 percent of the time and in English for 10 percent of the time during the first year of the program, decreasing the percentage of time in the non-English language in each subsequent year until there is a 50:50 balance of languages

Native English speakers shall generally be admitted into the program only during the first grade level at which the program is offered, and English learners during the first or second grade level at which the program is offered. Bilingual students may enter the program at any time. Regulation 6142.7: Physical Education And Activity

Status: DRAFT

Original Adopted Date: 07/01/2007 | Last Revised Date: 07/01/2020

Definitions

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity that assists in developing and maintaining physical fitness throughout their lifetime, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

Instruction in physical education shall be provided for at least the following minimum period of time: (Education Code 51210, 51222, 51223)

1. For students in grades 1-6, 200 minutes each 10 school days, exclusive of recess and the lunch period
2. For students in grades 7-8 attending an elementary school, 200 minutes each 10 school days, exclusive of recess and the lunch period
3. For students in grades 7-8 attending a middle school or junior high school, 400 minutes each 10 school days
4. For students in grades 9-12, 400 minutes each 10 school days

If the instructional minute requirement cannot be met during any 10-day period due to inclement weather, a school assembly, field trip, student assessment, or other circumstance, the school shall make up those minutes on another day in order to satisfy the instructional minute requirement.

The Superintendent or designee shall determine a method to document compliance with the required number of instructional minutes. Such documentation may include, but not be limited to, a master schedule, bell schedule, weekly schedule for each teacher providing physical education instruction, district calendar, teacher roster, or log for staff or students to record the number of physical education minutes completed.

Any complaint alleging noncompliance with the instructional minute requirement may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or CDE finds merit in a complaint, the district shall provide a remedy to all affected students and parents/guardians. (Education Code 51210, 51222, 51223; 5 CCR 4600-4670)

Monitoring Moderate to Vigorous Physical Activity

To monitor the amount of time students are engaged in moderate to vigorous physical activity, the Superintendent or designee may:

1. Develop methods to estimate the amount of time students spend in moderate to vigorous physical activity and the amount of time students are inactive during physical education classes

2. Provide physical education teachers with staff development, self-monitoring tools, stopwatches, and/or heart rate monitors to assist them in planning and assessing the level of activity in their classes

6. Adequate factual information shall be provided to help students objectively analyze and evaluate the issue and draw their own conclusions.
7. The instruction shall not reflect adversely upon persons because of their race, ethnicity, national origin, sex, sexual orientation, gender identity or expression, disability, religion, or any other basis prohibited by law.

If a student exhibits any other symptoms of sudden cardiac arrest, including seizures during exercise, unexplained shortness of breath, chest pains, dizziness, racing heart rate, or extreme fatigue, the student may be removed from participation by a coach or other employee who observes these symptoms. If any such symptoms are observed, notification shall be given to the student's parent/guardian so that the parent/guardian can determine the treatment, if any, the student should seek. Policy 6145.5: Student Organizations And Equal Access

Status: DRAFT

Original Adopted Date: 06/01/1996 | **Last Revised Date:** 03/01/2008

The Governing Board believes that student groups or clubs reinforce the instructional program, give students experience in civics and government, and provide social and recreational activities. Student groups also serve to honor outstanding student achievement and enhance school spirit and students' sense of belonging. Prior to meeting on school grounds, all student groups shall be authorized by the principal or designee in accordance with Board policy and administrative regulation.

The Board encourages students to pursue interests and clubs which may not directly relate to the district's curriculum and, to that end, has created a limited open forum.

All student-initiated groups shall be given equal access to meet on school premises during noninstructional time without regard to their religious, political, philosophical, or other speech content. The Board shall ensure that: (20 USC 4071, 4072)

1. The meeting shall be voluntary and student-initiated.
2. There shall be no sponsorship of the meeting by the school or staff. The term sponsorship means that school staff are promoting, leading, or participating in a meeting. The assignment of a teacher, administrator, or other school employee to a meeting for custodial purposes shall not constitute sponsorship of the meeting.
3. Employees of the school shall be present at religious meetings only in a nonparticipatory capacity.
4. The meeting shall not materially and substantially interfere with the orderly conduct of educational activities within the school.
5. Nonschool persons shall not direct, conduct, control, or regularly attend activities of student groups.

All student clubs or groups shall have equal access to the school media to announce meetings, including the public address system, the school newspaper, bulletin boards, and school web site. However, the principal or designee may issue a disclaimer that such activities are not school-sponsored.

All noncurriculum-related student groups shall be given equal access to meeting space, school equipment, and supplies.

No school shall deny equal access or a fair opportunity to meet, or otherwise discriminate against, any group officially affiliated with the Boy Scouts of America, or with any other youth group listed as a patriotic society in Title 36 of the United States Code, for reasons based on the membership or leadership criteria or oath of allegiance to God and country. (20 USC 7905)

Regulation 6145.5: Student Organizations And Equal Access

Status: DRAFT

Original Adopted Date: 06/01/1996 | **Last Revised Date:** 03/01/2008

Because the district has established a limited open forum, the principal or designee shall not deny any student-initiated school group access to school facilities during noninstructional time on the basis of religious, political, philosophical, or any other content of speech to be addressed at such meetings. (20 USC 4071)

Such meetings shall not interfere with regular school activities. The Superintendent or designee shall identify the noninstructional time period(s) set aside for meetings of student groups either before or after actual classroom instruction times.

Meetings may also be held during the lunch period.

Meetings held within the limited open forum shall entail no expenditure of public funds beyond the incidental cost of providing the meeting space. (20 USC 4071)

Students shall leave the meeting place in a clean, orderly, and secure condition after their meetings. The Superintendent or designee may deny the use of facilities to any group that he/she believes will materially disrupt the school program or threaten the health and safety of students and staff. (20 USC 4071)

Authorization for Student Groups

Any student wishing to create either a curriculum- or noncurriculum-related student group shall first request authorization from the principal or designee. The group shall provide the principal or designee with the following information:

1. Name of the organization and names of student contacts
2. A statement of the organization's purposes, objectives, and activities
3. A copy of the proposed bylaws of the student group, including a description of how officers will be selected, as well as the bylaws of any off-campus organization with which the group may be affiliated
4. The name of the proposed faculty advisor, if any
5. The proposed dates, times, and location of meetings
6. Any special equipment to be used
7. A description of the qualifications for membership, if any
8. If a curriculum-related group, a statement of the relation of the club to the curriculum and/or instructional program

The principal or designee may establish school rules governing the meetings of curriculum-related groups, such as attendance or grade requirements. Such rules may vary depending on the group, such as whether or not academic credit is given for participation in the group.

Role of Staff Adviser

For any curriculum-related student group, the staff adviser shall provide guidance and teaching to students to ensure that the group's activities are aligned to the district's goals and objectives and shall provide supervision and leadership of the group. The principal shall have final authority in determining the assignment and role of the staff adviser.

For noncurriculum-related student groups, a staff adviser may be assigned voluntarily to observe meetings for purposes of maintaining order and protecting student safety. Staff advisers and other school employees shall not promote, lead, or participate in the meetings. (20 USC 4071, 4072)

A school employee may refuse to attend a meeting of a student group if the content of the speech at the meeting is

contrary to the employee's beliefs. (20 USC 4071)

Hazing

Any student who engages in hazing may be subject to discipline including, but not limited to, suspension or expulsion. Hazing means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by the district, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. (Education Code 48900)

Policy 6145.8: Assemblies And Special Events

Status: DRAFT

Original Adopted Date: 09/01/1992 | **Last Revised Date:** 07/01/2006

The Governing Board believes that assemblies and special events should promote a positive school climate and be related to the district's educational program. Assemblies may provide information that supplements the district's curriculum or may showcase student achievement in academics, athletics, music, art, drama, or other extracurricular or cocurricular activities.

The principal shall ensure that speakers and community resources featured in school assemblies and special events are carefully selected and represent a balanced viewpoint. Prospective speakers shall agree to present material of educational relevance that is appropriate to the maturity of the audience, with no statements that are obscene, vulgar, or that incite violence.

The principal shall schedule assemblies and special events so as to maximize the effectiveness of instructional time and to satisfy the requirements of law and negotiated agreements.

During the assembly, students shall show respect to all performers and speakers. Students who disrupt the program shall lose the privilege of attending the assembly and may be subject to disciplinary action.

Policy 6146.1: High School Graduation Requirements

Status: DRAFT

Original Adopted Date: 12/01/2017 | **Last Revised Date:** 03/01/2023

The Governing Board desires to prepare all students to successfully complete the high school course of study and obtain a diploma that represents their educational achievement and increases their opportunities for postsecondary education and employment.

District students shall complete graduation course requirements as specified in Education Code 51225.3. Unless exempted as provided in "Exemptions from District-Adopted Graduation Requirements," district students shall also complete other course requirements adopted by the Board. Students who are exempted from district-adopted graduation requirements shall be eligible to participate in any graduation ceremony and school activity related to graduation in which other students are eligible to participate.

Course Requirements

To obtain a high school diploma, students shall complete the following courses in grades 9-12, with each course being one year unless otherwise specified:

1. Three courses in English (Education Code 51225.3)
2. Two courses in mathematics (Education Code 51225.3)

Students shall complete at least one mathematics course that meets the state academic content standards for Algebra I or Mathematics I. Students may complete such coursework prior to grade 9 provided that they also complete two mathematics courses in grades 9-12. (Education Code 51224.5)

3. Successful completion of an approved computer science course that is classified as a "category C" course based on the University of California (UC) and California State University (CSU) "A-G" admission requirements shall be counted toward the satisfaction of additional graduation requirements in mathematics. (Education Code 51225.3, 51225.35)
4. Two courses in science, including biological and physical sciences (Education Code 51225.3)
5. Three courses in social studies, including United States (U.S.) history and geography; world history, culture, and geography; a one-semester course in American government and civics; and a one-semester course in economics (Education Code 51225.3)
6. One course in visual or performing arts, world language, or career technical education (CTE). For purposes of this requirement, a course in American Sign Language shall be deemed a course in world language (Education Code 51225.3)

To be counted towards meeting graduation requirements, a CTE course shall be aligned to the CTE model curriculum standards and framework adopted by the State Board of Education. (Education Code 51225.3)

7. Two courses in physical education, unless the student has been otherwise exempted pursuant to other sections of the Education Code (Education Code 51225.3)
8. Beginning with the 2029-30 school year, a one-semester course in ethnic studies (Education Code 51225.3)

Because the prescribed course of study may not accommodate the needs of some students, the Board shall provide alternative means for the completion of prescribed courses in accordance with law.

Exemptions from District-Adopted Graduation Requirements

Prior to the beginning of grade 10, the individualized education program (IEP) team for each student with disabilities shall determine whether the student is eligible for exemption from all coursework and other requirements adopted by the Board in addition to the statewide course requirements for high school graduation, and if so, shall notify the student's parent/guardian of the exemption. A student with disabilities shall be eligible for the exemption, if the student's IEP provides for both of the following requirements: (Education Code 51225.31)

1. That the student take the alternate assessment aligned to alternate achievement standards in grade 11 as described in Education Code 60640
2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

In addition, a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, or migrant student who transfers into the district or between district schools any time after completing the second year of high school, or a newly arrived immigrant student who is in the third or fourth year of high school and is participating in a newcomer program, shall be exempted from any graduation requirements adopted by the Board that are in addition to statewide course requirements. This exemption shall not apply if the Superintendent or designee makes a finding that the student is reasonably able to complete the additional requirements in time to graduate by the end of the fourth year of high school.

Within 30 days of the transfer into a school by a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student, or of the commencement of participation in a newcomer program, as applicable, the Superintendent or designee shall notify any eligible student, and others as required by law, of the availability of the exemption from local graduation requirements and whether the student qualifies for it. (Education Code 51225.1)

The Superintendent or designee shall not require or request a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student participating in a newcomer program who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

If a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student participating in a newcomer program was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the person holding the right to make educational decisions for the student may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. Any such student who at one time qualified for the exemption may request the exemption even if the student is no longer eligible. (Education Code 51225.1)

Annually, the Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of student's graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Retroactive Diplomas

Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

In addition, the district may retroactively grant high school diplomas to former students who: (Education Code 48204.4, 51430, 51440)

1. Departed California against their will while in grade 12 and did not receive a diploma because the departure interrupted their education, provided that they were in good academic standing at the time of the departure

Persons may be considered to have departed California against their will if they were in custody of a government agency and were transferred to another state, were subject to a lawful order from a court or government agency that authorized their removal from California, were subject to a lawful order and were permitted to depart California before being removed from California pursuant to the lawful order, were removed or were permitted to depart voluntarily pursuant to the federal Immigration and Nationality Act, or departed due to other circumstances determined by the district that are consistent with the purposes of Education Code 48204.4.

In determining whether to award a diploma under these circumstances, the Superintendent or designee shall consider any coursework that may have been completed outside of the U.S. or through online or virtual

courses.

2. Were interned by order of the federal government during World War II or are honorably discharged veterans of World War II, the Korean War, or the Vietnam War, provided that they were enrolled in a district high school immediately preceding the internment or military service and did not receive a diploma because their education was interrupted due to the internment or military service in those wars

Deceased former students who satisfy these conditions may be granted a retroactive diploma to be received by their next of kin.

3. Are veterans who entered the military service of the U.S. while in grade 12 and who had satisfactorily completed the first half of the work required for grade 12 in a district school
4. Were in their senior year of high school during the 2019-20 school year, were in good academic standing and on track to graduate at the end of the 2019-20 school year as of March 1, 2020, and were unable to complete the statewide graduation requirements as a result of the COVID-19 crisis

Honorary Diplomas

The Board may grant an honorary high school diploma to: (Education Code 51225.5)

1. An international exchange student who has not completed the course of study ordinarily required for graduation and who is returning to the student's home country following the completion of one academic school year in the district
2. A student who is terminally ill

The honorary diploma shall be clearly distinguishable from the regular diploma of graduation awarded by the district. (Education Code 51225.5)

Policy 6146.11: Alternative Credits Toward Graduation

Status: DRAFT

Original Adopted Date: 07/01/2004 | **Last Revised Date:** 07/01/2008

In order to meet individual student needs and encourage all students to complete their high school education, the Governing Board desires to provide flexibility in the completion of prescribed courses in accordance with law.

With the active involvement of parents/guardians, administrators, teachers, and students, the Board shall adopt alternative means for students to complete the prescribed course of study required for high school graduation. These alternative means shall be made available to students, parents/guardians, and the public. (Education Code 51225.3)

Students may fulfill any course requirement for graduation through the following:

1. Practical demonstration of skills and competencies (Education Code 51225.3)

Opportunities to demonstrate skills and competencies shall include, but not be limited to, challenging a course through successful completion of a district-developed examination which covers course objectives. The district shall not use results from the General Educational Development test or other state or national tests for this purpose.

2. Code 51225.3)

3. Career technical education classes offered in high school (Education Code 51225.3)

4. Courses offered by regional occupational centers or programs (Education Code 51225.3)

5. Interdisciplinary study (Education Code 51225.3)

6. Independent study (Education Code 51225.3)

7. Credit earned at a postsecondary institution (Education Code 48800, 51225.3)

8. Private instruction in accordance with 5 CCR 1631

9. Correspondence instruction from a California university or college accredited for teacher training in accordance with 5 CCR 1633 (Education Code 51740-51741)

10. Military service and training in accordance with 5 CCR 1634 (Education Code 51440)

11. For credit toward the district's physical education requirement, participation in district interscholastic athletic programs carried on wholly or partially after regular school hours (Education Code 51242). The Superintendent or designee may exempt a high school student in grades 10-12 from the second year of physical education if the student is engaged in a regular school-sponsored interscholastic athletic program carried on wholly or partially after regular school hours. Students who are engaged in interscholastic sports may be exempted from 2.5 units of physical education requirements for each full season played. However this exemption does not reduce the number of overall credits (220) required for graduation.

12. For credit toward the district's foreign language requirement, foreign language studies successfully completed in a private school in accordance with 5 CCR 1632 (Education Code 51243)

Upon receiving advance, written application by the student or his/her parent/guardian, the Superintendent or designee shall determine whether completion of the proposed alternative means would satisfy course requirements for graduation and what documentation shall be required, if any, to verify the student's successful completion. The Superintendent or designee shall make the final determination as to whether the student's completion of an alternative means is sufficient to satisfy the district's graduation requirements.

As appropriate, the Superintendent or designee shall determine the grade to be assigned to students for the completion of any of the above alternative means. When a grade is assigned by a private school, postsecondary institution, or other educational institution for completion of coursework, that same grade shall be awarded by the district provided that the Superintendent or designee has determined the alternative course to be substantially equivalent to a district course.

Policy 6146.2: Certificate Of Proficiency/High School Equivalency

Status: DRAFT

Original Adopted Date: 09/01/1987 | **Last Revised Date:** 12/01/2020

The Governing Board desires that every student have the opportunity to earn a high school diploma through successful completion of district graduation requirements. However, when a student is unable to do so, the Board encourages completion of an alternative program that allows the student to obtain an equivalent certificate.

Eligible persons who pass the California High School Proficiency Examination may obtain a certificate of proficiency from the State Board of Education (SBE). Eligible persons who pass a general educational development test designated by the SBE may obtain a high school equivalency certificate from the testing service.

The Superintendent or designee shall make information available to interested persons regarding the eligibility and examination requirements of each program.

Interested persons shall register for the test directly with the testing service and pay the applicable fee. However, the fee shall be waived for a homeless or foster youth who is under age 25 years, meets all other registration requirements, and submits certification of homeless or foster youth status. (Education Code 48412; 5 CCR 11524-11526, 11533-11534.1)

Regulation 6146.2: Certificate Of Proficiency/High School Equivalency

Status: DRAFT

Original Adopted Date: 11/01/2007 | **Last Revised Date:** 12/01/2020

Certificate of Proficiency

The principal of each high school shall distribute to each student in grades 11-12 an announcement explaining the California High School Proficiency Examination (CHSPE). Announcements from the California Department of Education (CDE) or its contractor shall be distributed early enough to enable interested students to register for the test to be given in the fall of that year. (5 CCR 11523)

The principal also shall advise students that the certificate of proficiency awarded upon passing the CHSPE, while equivalent to a high school diploma, is not the equivalent of completing all coursework required for high school graduation and therefore students should contact the admissions office of the college or university they are interested in attending to determine if the certificate satisfies college admission requirements.

A student may take the CHSPE if the student meets one of the following conditions: (Education Code 48412)

1. Is age 16 or older
2. Has been enrolled in the 10th grade for one school year or longer
3. Will complete one school year of enrollment in 10th grade at the end of the semester during which the CHSPE will be administered

If a student receives the certificate of proficiency, the district shall indicate the student's accomplishment and the date of the award on the student's official transcript. (5 CCR 11521)

Any student who has received the certificate of proficiency may be exempted from compulsory school attendance upon the student's request, with verified parent/guardian consent as appropriate. For this purpose, the Superintendent or designee shall provide a consent form which contains at least the following information: (Education Code 48410; 5 CCR 11522)

1. A general explanation of the student's rights of exemption from compulsory attendance and of re-enrollment in the public high schools
2. The date of issuance of the certificate of proficiency
3. The signature of the parent/guardian and the date
4. The signature of the school administrator who has personally confirmed the authenticity of the parent/guardian's signature and the date

If a student age 16 or 17 terminates enrollment after receiving the high school proficiency certificate, the student may re-enroll in the district. If the student subsequently terminates enrollment again, the student may be denied re-enrollment until the beginning of the following semester. (Education Code 48414)

High School Equivalency Certificate

An eligible person may earn a high school equivalency certificate by passing a general educational development test designated by the State Board of Education pursuant to Education Code 51420, including the General Educational Development (GED) test or the High School Equivalency Test (HiSET).

Any person is eligible to take a test leading to a high school equivalency certificate if the person is a resident of California or a member of the armed forces assigned to duty in California and meets any one of the following criteria: (Education Code 51420; 5 CCR 11532)

1. Is 18 years of age or older, or is within 60 days of the person's 18th birthday, regardless of enrollment status
2. Is not currently enrolled in school and is within 60 days of when the person would have graduated from high school had the person remained in school and followed the usual course of study

3. Is 17 years of age, has been out of school for at least 60 consecutive days, and provides a letter of request for the test from the military, a postsecondary educational institution, or a prospective employer
 4. Is 17 years of age, has accumulated fewer than 100 units of high school credit, is confined to a state or county hospital or to an institution maintained by a state or county correctional facility, and meets other criteria listed in 5 CCR 11532
 5. Is 17 years of age, has accumulated fewer than 100 units of high school credit prior to enrollment in an academic program offered by a dropout recovery high school as defined in Education Code 52052, and has successfully completed the dropout recovery high school's instructional program which is aligned to state standards, offers the opportunity for a high school diploma, and provides services for at least one year

NOTICE AND CONSENT TO DISCONTINUE SCHOOL ATTENDANCE FOR STUDENTS WITH A CERTIFICATE OF PROFICIENCY

Notice of Student Rights: Students who pass the California High School Proficiency Examination (CHSPE) and receive a Certificate of Proficiency issued by the State Board of Education may continue to attend school, but upon request will be exempted from compulsory school attendance pursuant to Education Code 48410. If the student is under 18 years of age, the student's parent/guardian must also provide approval in order for the student to discontinue school attendance.

If the student leaves school after receiving a Certificate of Proficiency and is under 18 years of age, the student may later decide to re-enroll in the district with no adverse consequences. In this case, the student may be required to meet new or additional requirements established since the student was previously enrolled. Policy 6146.3: Reciprocity Of Academic Credit

Status: DRAFT

Original Adopted Date: 06/01/1991 | **Last Revised Date:** 07/01/2004

To determine whether students transferring into the district have met district course requirements, the Superintendent or designee shall establish procedures to evaluate the comparability of courses and/or students' understanding of course content. Such procedures shall include methods for determining the number of years of school attendance, the specific courses completed by the student and the value of credits earned.

The district shall accept for credit full or partial coursework satisfactorily completed by students while attending a public school, a juvenile court school or nonpublic nonsectarian school or agency. (Education Code 48645.5)

Pending evaluation of the transferring student's academic performance, the student shall be placed at the grade level reached prior to enrollment in the district. Within 30 days of enrollment, the principal or designee shall complete the evaluation and determine the student's appropriate grade placement.

Regulation 6146.3: Reciprocity Of Academic Credit

Status: DRAFT

Original Adopted Date: 07/01/2000

Definitions

An "*accredited*" school is one that has received accreditation by the Western Association of Schools and Colleges (WASC) or other statewide or regional commissions or, in the case of a school outside California, by the equivalent governmental or other regional accrediting agency in that jurisdiction.

Transfers from Accredited Schools

Students transferring into the district from an accredited school shall receive full academic credit for previously completed courses when the sending district verifies that the student has satisfactorily completed those courses.

Transfers from Non-Accredited Schools

When a student transfers from any non-accredited private, public, alternative, home or charter school, academic credit shall be subject to approval by the principal or designee at the enrolling school. Credits transferred from these schools shall be fully accepted when there is evidence that the course work completed is equivalent to similar courses offered in this district.

The principal or designee at the enrolling school shall be responsible for determining which of the student's credits are equivalent to district requirements. Guidelines for determining equivalency shall be developed by representative certificated staff familiar with the district's academic standards and graduation requirements.

Students in grades K through 8 who transfer into the district without proof of having met the grade level proficiency standards in reading, mathematics and writing must take the appropriate standardized tests of these basic skills to facilitate proper placement.

In determining equivalency, the principal and/or designated certificated staff representative may consider one or more of the following:

1. A review of the description of academic content and time requirements of the course work completed by the student compared to academic content and time requirements at the enrolling school
2. An examination of the student's portfolio of work, papers, completed projects, graded tests or other documents demonstrating the student's level of skill and knowledge
3. An opportunity for the student to demonstrate skill by his/her performance on appropriate course-challenging examinations, comprehensive final examinations and/or other culminating exercises used at the enrolling school
4. Verification by teacher observation, once the student has been placed in a course, that the student has reached a level of preparation consistent with his/her placement in that course

Appeals/Due Process

If a student's parent/guardian disagrees with the school site staff's judgment on grade-level placement, course placement and/or equivalency of academic credit, the parent/guardian may appeal to the Superintendent or designee.

Within 10 working days of notification of placement or credit determination, the parent/guardian may request, in writing, a conference with the Superintendent or designee to review the school site staff's decision.

The Superintendent or designee shall schedule a conference within 10 working days of the parent/guardian's request. This meeting may include the principal or designee, representatives of the school's certificated staff, and the student's parents/guardian. It shall be the parent/guardian's responsibility to present evidence that the facts do not support the school staff's decision on the student's placement and/or transferability of prior credits.

The Superintendent or designee's decision shall be final.

Policy 6146.4: Differential Graduation And Competency Standards For Students With Disabilities

Status: DRAFT

Original Adopted Date: 11/01/1999 | **Last Revised Date:** 06/01/2023

The Governing Board recognizes that students with disabilities are entitled to a course of study that provides them with a free appropriate public education (FAPE) and that modifications to the district's regular course may be needed on an individualized basis to provide FAPE. In accordance with law, each student's individualized education program (IEP) team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on state and districtwide assessments.

Exemption from District-Established Graduation Requirements

District students shall complete all course requirements for high school graduation as specified in Board Policy 6146.1 - High School Graduation Requirements. However, a student with a disability may be exempted from all coursework and other requirements adopted by the Board that are in addition to the statewide course requirements for high school graduation if the student's IEP provides for both of the following requirements: (Education Code 51225.31).

1. That the student take the alternate assessment aligned to alternate achievement standards in grade 11 as described in Education Code 60640
2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

Prior to the beginning of grade 10, the IEP team for each student with a disability shall determine whether the student is eligible for the exemption, and if so, notify the student's parent/guardian of the exemption. (Education Code 51225.31)

Any such exempted student shall receive a diploma and be eligible to participate in any graduation ceremony and school activity related to graduation in which a student of similar age without a disability would be eligible to participate. (Education Code 51225.31)

Certificate of Educational Achievement or Completion

Instead of a high school diploma, a student with a disability may be awarded a certificate or document of educational achievement or completion if the student has met one of the following requirements: (Education Code 56390)

1. Satisfactorily completed a prescribed alternative course of study approved by the board of the district in which the student attended school or the district with jurisdiction over the student as identified in the student's IEP
2. Satisfactorily met the student's IEP goals and objectives during high school as determined by the IEP team
3. Satisfactorily attended high school, participated in the instruction as prescribed in the student's IEP, and met the objectives of the statement of transition services

A student with a disability who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. (Education Code 56391)

Policy 6146.5: Elementary/Middle School Graduation Requirements

Status: DRAFT

Original Adopted Date: 05/01/1985 | **Last Revised Date:** 03/01/2000

In order to recognize successful completion of middle school education, the Board of Education shall confer certificates of completion from middle schools and from special day classes of middle grades.

Certificates of Completion shall be awarded only to students who have completed the course of study prescribed by law and the district. (Education Code [51402](#))

In addition, students shall meet district requirements for promotion based on grades, assessments or other indicators as specified in Board policy and administrative regulation.

Middle School

The requirements for promotion from middle school shall be the successful completion of a course of study adopted by the Board as the instructional program for grades 6 through 8 and assigned to each student in accordance with need. No student may be promoted from middle school who has not been recommended for advancement to high school by the middle school principal.

No student who has completed the requirements for promotion shall be denied a certificate of promotion as a disciplinary measure but may be denied participation in the ceremony and related activities of promotion when the student's academic performance and/or conduct so warrants. Such exclusion shall be regarded as a school suspension and shall be subject to the same procedures and guarantees of due process as suspension.

The Superintendent shall develop procedures for implementing this policy which include:

1. The careful recording of each student's progress and accumulation of promotion requirements.
 2. Counseling of students to know what is expected of them for completion of their schooling.
 3. Issuance of timely and periodic warnings to students in danger of not fulfilling promotion requirements.
 4. Preparation of a list of all promoted students for the information of the Board and release to the public.
 5. Preparation of suitable certificates of completion for promoted students.
 6. Planning and execution of promotion ceremonies which fittingly mark this important step in the growth of our students.
-

Policy 6152: Class Assignment

Status: DRAFT

Original Adopted Date: 10/01/1995 | **Last Revised Date:** 03/01/2016

The Governing Board believes students should be assigned to classes and/or grouped in a manner that provides the most effective learning environment for all students.

When assigning students to specific courses and classes, the principal or designee may consider the following criteria as appropriate for the grade level and course:

1. Staff recommendation, including, but not limited to, the recommendations of teachers and counselors
2. Skills and classroom management style of individual teachers
3. Student skill level as indicated by multiple objective academic measures, such as student assessment results, grade point average, and grades in prerequisite courses
4. Balance of high, medium, and low academic achievers
5. Student interests, readiness, behavior, and motivation
6. Student/teacher ratios and, if relevant, class size reduction considerations

The principal or designee may accept from parents/guardians any information which would be helpful in making placement decisions. However, a parent/guardian who provides such information shall be informed that a request for a specific teacher shall be one of many factors which may be taken into account when determining his/her child's placement.

During the school year, the principal or designee may make any adjustments in class placement which he/she considers beneficial to the student or the educational program.

Additional Requirements for Grades 9-12

Except for a student enrolled in an alternative school, community day school, continuation high school, or opportunity school, or as otherwise specified below, no student enrolled in grades 9-12 shall be assigned:

1. To any course without educational content for more than one week in any semester, including any of the following situations: (Education Code 51228.1)
 - a. The student is sent home or released from campus before the conclusion of the designated school day.
 - b. The student is assigned to a service, instructional work experience, or other course in which he/she is assigned to assist a certificated employee, but is not expected to complete curricular assignments, in a course the certificated employee is teaching during that period and where the ratio of certificated employees to students assigned to the course for curricular purposes is less than one to one.
 - c. The student is not assigned to any course for the relevant course period.
2. To a course that he/she has previously completed and received a grade determined by the district to be sufficient to satisfy minimum high school graduation requirements and the requirements and prerequisites for admission to California public postsecondary institutions, unless the course has been designed to be taken more than once because students are exposed to a new curriculum year to year and are therefore expected to derive educational value from taking the course again (Education Code 51228.2)

An exception to item #1 or #2 above may be made only if all of the following conditions are satisfied: (Education Code 51228.1, 51228.2)

1. The student, or the student's parent/guardian if he/she is younger than age 18 years, has consented in writing to the assignment.
2. A school official has determined that the student will benefit from being assigned to the course period.

3. The principal or assistant principal has stated in a written document maintained at the school that, for the relevant school year, no students are assigned to those classes unless the school has obtained the student's or parent/guardian's consent and determined that the student will benefit from the assignment.

In addition, under no circumstances shall a student be assigned to a course period without educational content or a course he/she has already satisfactorily completed because there are insufficient curricular course offerings for the student to take during the relevant period of the school day. (Education Code 51228.1, 51228.2)

The above limitations on class assignments shall not affect the authority of the Superintendent or designee to permit the enrollment of a student in a dual enrollment, independent study, evening high school program, or other class or course authorized by law. (Education Code 51228.1, 51228.2)

Any complaint that the district has not complied with the requirements in this section regarding assignments in grades 9-12 may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or the CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 51228.3; 5 CCR 4600-4687)

Policy 6152.1: Placement In Mathematics Courses

Status: DRAFT

Original Adopted Date: 08/01/2015 | **Last Revised Date:** 10/01/2018

The Governing Board believes that a sound educational program must include the study of subjects that prepare students for admission to higher education and/or fulfilling careers. District students shall be provided an opportunity to complete a sequence of mathematics courses recommended for admission into the University of California and California State University systems.

The Superintendent or designee shall work with district teachers, counselors, and administrators and the representatives of Albany Middle School to develop a well-articulated sequence of mathematics courses and consistent protocols for placing students in mathematics courses offered at district high schools.

Such placement protocols shall systematically take into consideration multiple objective academic measures that may include, but are not limited to, statewide mathematics assessments, including state interim and summative assessments; placement tests that are aligned to state-adopted content standards in mathematics; classroom assignment and grades; and report cards. (Education Code 51224.7)

District staff shall implement the placement protocols uniformly and without regard to students' socioeconomic background or any characteristic specified in BP 0410 - Nondiscrimination in District Programs and Activities, including, but not limited to, race, sex, gender, nationality, and ethnicity.

The placement protocols shall provide for at least one reevaluation within the first month of the school year to ensure that students are appropriately placed in mathematics courses and shall specify the criteria the district will use to make this determination. Any student found to be misplaced shall be promptly placed in the appropriate mathematics course.

If a student or parent/guardian questions the student's placement, he/she may appeal the decision to the Superintendent or designee. The decision of the Superintendent or designee shall be final.

The Superintendent or designee shall ensure that all teachers, counselors, and other district staff responsible for determining students' placement in mathematics courses receive training on the placement protocols.

The Board and the Superintendent or designee shall annually review student data related to placement in mathematics courses offered at district high schools to ensure that students who are qualified to progress in mathematics courses based on their performance on objective academic measures are not being held back in a disproportionate manner on the basis of any subjective or discriminatory basis, and shall develop strategies for removing any identified barriers to students' access to mathematics courses. The Superintendent or designee shall also report on the percentage of district students who have successfully completed mathematics courses that satisfy the requirements for entrance to the University of California and the California State University.

Regulation 6152.1: Placement In Mathematics Courses

Status: DRAFT

Original Adopted Date: 10/01/2018

All 9th grade math students are assessed within a month of the start of school to ensure they are placed in the appropriate course.

Placement Assessments

All 9th grade students default to enrollment in Math 1. For students who are looking for the additional challenge of the Accelerated Math pathway, Albany High School has developed a multi-faceted placement process in order to evaluate students' readiness and adequately inform students and families of potential challenges and areas for growth. Evaluation takes place through multiple criteria, combining nationally normed assessments with individualized recommendations.

1. MDTP Placement Test - Developed by the UC/CSU Mathematics Diagnostic Testing Project, this assessment determines the level of mastery of 8th grade math knowledge. For more information: mdtp.ucsd.edu/assessments/9th-grade-assessment-tests.html
2. AMC 8 Examination - Developed by the Mathematical Association of America, this assessment evaluates a student's problem-solving skills independently of knowledge of 8th grade math content. For more information: maa.org/math-competitions/amc-8
3. Teacher Recommendation - Current teachers will provide feedback on the noncognitive skills of students.

For the MDTP Placement Test and AMC8 Examination AHS staff will use the predetermined pass scores developed for the assessments to determine eligibility for Accelerated Math. For students currently enrolled at Albany Middle School both the MDTP Placement Test and the AMC 8 Examination will be offered in class.

Eligibility and Enrollment

Students who meet all the criteria for placement in the three assessments above will automatically be enrolled in Accelerated Math 1-2 as 9th graders.

Students who meet the requirements in two of three criteria will consult with a member of AHS staff to review the results, discuss areas of strength and growth, and discuss additional preparation that may be required to be successful. After consultation those students may choose to enroll in Accelerated Math 1-2.

Appeals Process

Regardless of placement scores or placement recommendations by AHS staff, all families have the right to request placement in Accelerated Math 1-2. This request must be made in writing to the AHS Principal, and no other AHS staff member is authorized to change placement decisions. Students and families are strongly encouraged to provide additional relevant information to justify their request. To minimize disruptions to student schedules, appeals should be submitted before the start of the school year.

The Governing Board recognizes that field trips supplement and enrich the classroom learning experience, lead to increased student achievement, and foster student engagement. The Board encourages field trips to reinforce and increase learning opportunities and to enhance district programs.

Field trips shall be conducted in connection with the district's course of study or school-related social, educational, cultural, athletic, school band, or other extracurricular or cocurricular activities. A field trip to a foreign country may be permitted to familiarize students with the language, history, geography, natural science, and other studies relative to the district's course of study. (Education Code 35330)

Requests for field trips involving out-of-state, out-of-country, or overnight travel shall be submitted to the Superintendent or designee. The Superintendent or designee shall review the request and make a recommendation to the Board as to whether the request should be approved by the Board. All other field trips shall be approved in advance by the principal.

The principal shall establish a process for approving a staff member's request to conduct a field trip. When planning trips, staff shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.

No field trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. The Superintendent or designee shall coordinate with community groups to supply funds for students in need. (Education Code 35330)

The Board may approve the use of district funds for student expenses for in-state, out-of-state, or out-of-country field trips or excursions when permitted by law. In addition, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds. (Education Code 35330)

Regulation 6153: School-Sponsored Trips

Status: DRAFT

Original Adopted Date: 04/01/1987 | **Last Revised Date:** 07/01/2006

Supervision

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. If the trip involves water activities, this ratio shall be revised as necessary.

Parent/Guardian Permission

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

Safety Issues

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district shall provide or make available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)
 3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.
 4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than \$500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.
 5. Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.

Policy 6154: Homework/Makeup Work

Status: DRAFT

Original Adopted Date: 02/01/1997 | **Last Revised Date:** 09/01/2023

The Governing Board recognizes that meaningful homework assignments can be a valuable extension of student learning time, provide enrichment, and assist students in developing good study habits. Homework and/or makeup work shall be assigned when necessary to support classroom lessons, enable students to complete unfinished assignments, or review and apply academic content for better understanding.

Students may use technology to assist with homework and/or makeup work in conducting research, correcting grammar and spelling, and learning from educational applications such as tutoring systems and language learning applications, as specified in Board Policy 5131.9 - Academic Honesty and Board Policy 6163.4 - Student Use of Technology.

Homework assignments shall be reasonable in length and appropriate to the grade level and course. The Board expects that the number, frequency, and degree of difficulty of homework assignments will increase with the grade level and the maturity of students. Teachers shall assign homework only as necessary to fulfill academic goals and reinforce current instruction.

Makeup Work

Students with an excused absent from school shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time.

Policy 6158: Independent Study

Status: DRAFT

Original Adopted Date: 03/01/2005 | **Last Revised Date:** 09/01/2022

The Board of Education authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan and enabling students to reach curriculum objectives and fulfill graduation requirements. Participation in independent study shall ensure that the student will be offered a standards-based education substantially equivalent in quality and quantity to the district's classroom instruction. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction. (Education Code [51747](#); 5 CCR [11700](#))

Parents/guardians of students who are interested in independent study shall contact the Superintendent or designee. The Superintendent or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom.

The minimum period of time for any independent study option shall be five consecutive school days with five school days notice prior to the first day of absence.

The Superintendent or designee shall ensure that a written independent study agreement, as prescribed by law, exists for each participating student. (Education Code [51747](#))

The written agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping out of school, independent study assignments shall be no more than one week for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

When a participating student misses three assignments, an evaluation shall be conducted to determine whether it is in the student's best interest to remain in independent study. However, a student's written agreement may specify a lower or higher number of missed assignments that will trigger an evaluation when the Superintendent or designee determines it appropriate based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Supervising teachers should establish an appropriate schedule for student-teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Except in unusual circumstances, it is expected that the supervising teacher will meet, either in person or by electronic means, with each participating student at least once a week to discuss the student's progress.

Missing appointments with the supervising teacher without valid reasons also may trigger an evaluation to determine whether the student should remain in independent study.

The Superintendent or designee shall annually report to the Board the number of students participating in independent study, the average daily attendance generated for apportionment purposes, the quality of these students' work as measured by standard indicators, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.

Home-Based Independent Study

The Superintendent or designee shall encourage parents/guardians desiring to teach their children at home to have their children participate in independent study. Such participation allows continued contact and cooperation between the school system and the home-based student.

Regulation 6158: Independent Study

Status: DRAFT

Original Adopted Date: 10/01/2015 | Last Revised Date: 09/01/2022

Definitions

Live interaction means interaction between the student and classified or certificated staff, and may include peers, provided for the purpose of maintaining school connectedness, including, but not limited to, wellness checks, progress monitoring, provision of services, and instruction. This interaction may take place in-person, or in the form of Internet or telephonic communication. (Education Code 51745.5)

Student-parent-educator conference means a meeting involving, at a minimum, all parties who signed the student's written independent study agreement pursuant to Education Code 51747 or the written learning agreement pursuant to Education Code 51749.6. (Education Code 51745.5)

Synchronous instruction means classroom-style instruction or designated small group or one-on-one instruction delivered in-person, or in the form of Internet or telephonic communications, and involving live two-way communication between the teacher and student. Synchronous instruction shall be provided by a teacher or teachers of record for that student pursuant to Education Code 51747.5 or the certificated employee providing instruction for course-based independent study. (Education Code 51745.5)

Educational Opportunities

Educational opportunities offered through independent study may include, but are not limited to: (Education Code 51745)

1. Special assignments extending the content of regular courses of instruction
2. Individualized study in a particular area of interest or in a subject not currently available in the regular school curriculum
3. Continuing and special study during travel
4. Volunteer community service activities and leadership opportunities that support and strengthen student achievement
5. Individualized study for a student whose health, as determined by the student's parent/guardian, would be put at risk by in-person instruction or for a student who is unable to attend in-person instruction due to a quarantine due to exposure to, or infection with, COVID-19, pursuant to local or state public health guidance

In addition, when requested by a parent/guardian due to an emergency or illness, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in the student's regular classes.

No course required for high school graduation shall be offered exclusively through independent study. (Education Code 51745)

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary timeframe. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. (5 CCR 11700, 11701.5)

Students participating in independent study shall have access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work. (Education Code 51747)

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. Providing access to Internet connectivity and district-owned devices adequate to participate in an independent study program and complete assigned work consistent with Education Code 51747, or to participate in an independent study course, as authorized by Education Code 51749.5, shall not be considered funds or other things of value. (Education Code 46300.6, 51747.3)

Eligibility for Independent Study

To participate in independent study, a student shall be enrolled in a district school. (Education Code 51748)

The Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently provided that experienced certificated staff are available to effectively supervise students in independent study. The Superintendent or designee may also approve the participation of a student whose health would be put at risk by in-person instruction. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

A student with disabilities, as defined in Education Code 56026, may participate in independent study if the student's individualized education program (IEP) specifically provides for such participation. If a parent/guardian of a student with disabilities requests independent study because the student's health would be put at risk by in-person instruction, the student's IEP team shall make an individualized determination as to whether the student can receive a free appropriate public education (FAPE) in an independent study placement. A student's inability to work independently, need for adult support, or need for special education or related services shall not preclude the IEP team from determining that the student can receive FAPE in an independent study placement. (Education Code 51745)

In addition, any student with disabilities who receives services from a nonpublic, nonsectarian school through a virtual program may be permitted to participate in independent study if the student's IEP team determines that FAPE can be provided to the student by means of the virtual program and other conditions of law are satisfied.

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 through independent study. (Education Code 51745)

Except for students participating in independent study due to an emergency as described in Education Code 41422 and 46392 and pregnant and parenting students who are the primary caregiver for their child(ren), no more than 10 percent of the students enrolled in a continuation high school or opportunity school or program shall be enrolled in independent study. (Education Code 51745)

Monitoring Student Progress

The independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of the student's written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has failed to make satisfactory educational progress or missed the number of assignments specified in the written agreement as requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether independent study is in the student's best interest. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program. (Education Code 51747, 51749.5; 5 CCR 11701)

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation, and if the student transfers to another public school in California, the record shall be forwarded to that school. (Education Code 51747, 51749.5)

Responsibilities of Independent Study Administrator

The responsibilities of the independent study administrator include, but are not limited to:

1. Recommending certificated staff to be assigned as independent study teachers at the required teacher-student ratios pursuant to Education Code 51745.6 and supervising staff assigned to independent study functions who are not regularly supervised by another administrator
2. Approving or denying the participation of students requesting independent study
3. Facilitating the completion of written independent study agreements
4. Ensuring a smooth transition for students into and out of the independent study mode of instruction
5. Approving all credits earned through independent study
6. Completing or coordinating the preparation of all records and reports required by law, Board policy, or administrative regulation

Assignment and Responsibilities of Independent Study Teachers

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or emergency credential pursuant to Education Code 44300, registered as required by law, and who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

The ratio of student average daily attendance for independent study students age 18 years or younger to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district, unless a new higher or lower ratio for all other educational programs offered is negotiated in a collective bargaining agreement or the district enters into a memorandum of understanding that indicates an existing collective bargaining agreement contains an alternative ratio. (Education Code 51745.6)

The responsibilities of the supervising teacher shall include, but are not limited to:

1. Completing designated portions of the written independent study agreement and signing the agreement
2. Supervising and approving coursework and assignments
3. Maintaining records of student assignments showing the date the assignment is given and the date the assignment is due
4. Maintaining a daily or hourly attendance register in accordance with Item #4 in the section on "Records" in the accompanying Board policy
5. Providing direct instruction and counsel as necessary for individual student success
6. Regularly meeting with the student to discuss the student's progress
7. Determining the time value of assigned work or work products completed and submitted by the student
8. Assessing student work and assigning grades or other approved measures of achievement
9. Documenting each student's participation in live interaction and/or synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which live interaction or synchronous instruction is provided as part of the independent study program

The Superintendent or designee shall ensure that independent study teachers have access to professional

development and support comparable to classroom-based teachers.

For each student with disabilities, an individualized education program (IEP) shall be developed which identifies the special education instruction and related services to be provided to the student. The Superintendent or designee shall develop administrative regulations regarding the membership of the IEP team, the team's responsibility to develop and regularly review the IEP, the contents of the IEP, and the development, review, and revision processes.

The district shall make FAPE available to individuals with disabilities ages 3-21 who reside in the district, including: (Education Code 56040; 20 USC 1412; 34 CFR 300.17, 300.101, 300.104)

Policy 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 06/01/1995 | **Last Revised Date:** 06/01/2023

The Governing Board recognizes its responsibility to provide a free appropriate public education to students with disabilities in accordance with law. When the district is unable to provide direct special education and/or related services to students with disabilities, the Board may enter into a contract with a nonpublic, nonsectarian school or agency (NPS/A) to meet student needs consistent with the comprehensive local plan of the Special Education Local Plan Area.

Prior to entering into a contract to place any student in an NPS/A, the Superintendent or designee shall verify that the school or agency is certified to provide special education and related services to individuals with disabilities and complies with staff training requirements in accordance with Education Code 56366 and 56366.1. In addition, the Superintendent or designee shall monitor, on an ongoing basis, the certification of any NPS/A with which the district has a contract to ensure that the certification has not expired.

No district student with a disability shall be referred to, or placed in, an NPS/A unless the student's individualized education program (IEP) team has determined that the placement is appropriate for the student. (Education Code 56342.1)

The district shall pay to the NPS/A the full amount of the tuition or fees, as applicable, for students with disabilities who are enrolled in programs or receiving services provided by the NPS/A pursuant to the contract. (Education Code 56365)

In accordance with law, any student with disabilities placed in an NPS/A shall have all the rights and protections to which students with disabilities are generally entitled, including, but not limited to, procedural safeguards, due process rights, and periodic review of the student's IEP.

During the period when any student with disabilities is placed in an NPS/A, the student's IEP team shall retain responsibility for monitoring the student's progress towards meeting the goals identified in the IEP.

The Superintendent or designee shall ensure that any contract with an NPS/A contains a requirement for the NPS/A to comply with district policy, procedures, and practices related to student rights, health, and safety, including the use of seclusion and restraint. All NPS/A staff that serve district students shall be made aware of, and trained in such policies, procedures, and practices.

The district follows regulations, stated in the North Region SELPA Local Plan, regarding the appointment of the individualized education program (IEP) team, the contents of the IEP, and the development, review, and revision of the IEP. (Education Code 56366)

The master contract or individual services agreement may be terminated for cause if either party gives 20 days' notice. However, the availability of a public education program initiated during the period of the contract shall not give cause for termination unless the parent/guardian agrees to transfer the student to the program. (Education Code 56366)

Placement and Services

For any student to be placed in an NPS/A, the Superintendent or designee shall develop an individual services agreement based on the student's IEP. Prior to the annual review of a student's IEP, the Superintendent or designee shall notify any high school district to which the student may transfer of the student's enrollment in an NPS/A. (5 CCR 3069)

When a special education student meets the district requirements for completion of the prescribed course of study as designated in the student's IEP, the district shall award the student a diploma of graduation. (5 CCR 3070)

Out-of-State Placements

Before contracting with an NPS/A outside California, the Superintendent or designee shall document the district's efforts to use public schools and/or to find an appropriate program offered by an NPS/A within California. (Education Code 56365)

Within 15 days of any decision for an out-of-state placement, the student's IEP team shall submit to the Superintendent of Public Instruction a report with information about the services provided by the out-of-state program, the costs of the special education and related services provided, and the district's efforts to locate an appropriate public school or NPS/A within California. (Education Code 56365)

If the district decides to place a student with an NPS/A outside the state, the district shall indicate the anticipated date of the student's return to a placement within California and shall document efforts during the previous year to return the student to California. (Education Code 56365)

On-Site Visits

The Superintendent or designee shall conduct an on-site visit to an NPS/A before the placement of a student at the school or agency, if the district does not have any other students currently enrolled at the NPS/A. (Education Code 56366.1)

At least once per year, the Superintendent or designee shall conduct an on-site monitoring visit to each NPS/A at which the district has a student attending and with which it maintains a master contract. The monitoring visit shall include, but is not limited to: (Education Code 56366.1)

Regulation 6159.4: Behavioral Interventions For Special Education Students

Status: DRAFT

Original Adopted Date: 10/01/1996 | **Last Revised Date:** 12/01/2013

Generally, any student identified as a student with a disability pursuant to the Individuals with Disabilities Education Act, 20 USC 1400-1482, is subject to the same disciplinary measures applicable to all students for violations of the code of conduct, except when the student's behavior is determined to be a manifestation of his/her disability.

However, when the behavior of a student with a disability impedes his/her learning or the learning of others, the student's individualized education program (IEP) team shall consider the use of positive behavioral interventions and supports and other strategies consistent with 20 USC 1414(d) to address the student's behavior. (Education Code 56521.2; 34 CFR 300.324)

If, pursuant to a manifestation determination conducted as specified in 34 CFR 300.530, the student's behavior is determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment (FBA) and implement a behavioral intervention plan (BIP) for the student. If a BIP is already in place for the student, the IEP team shall review and modify the BIP to address the student's behavior. (Education Code 56520; 34 CFR 300.324, 300.530)

In addition, when the disciplinary removal of a student with a disability will result in a change in the student's placement as specified in 34 CFR 300.530, the student shall receive an FBA and behavioral intervention services and modifications designed to address the student's behavior so that it does not recur. (34 CFR 300.530)

Functional Behavioral Assessment

Any FBA to be conducted for a student with a disability shall focus on identifying the function or purpose of the student's behavior.

Before any FBA is conducted, the Superintendent or designee shall notify the student's parent/guardian in accordance with Education Code 56321 and obtain the parent/guardian's consent. (Education Code 56321; 34 CFR 300.324)

If the parent/guardian disagrees with the result of an FBA, he/she has the right to obtain an independent educational evaluation at district expense, subject to the conditions specified in 34 CFR 300.502.

Behavioral Intervention Plan and Services

When any behavioral intervention, support, or other strategy is to be used by the district, the Superintendent or designee shall consider the student's physical freedom and social interaction, administer the intervention, support, or other strategy in a manner that respects the student's dignity and personal privacy, and ensure the student's right to be placed in the least restrictive educational environment. (Education Code 56520)

When a student for whom a BIP is to be developed is also the responsibility of another agency for residential care or related services, the Superintendent or designee shall cooperate with the other agency to ensure that the BIP, to the extent possible, is implemented in a consistent manner. (Education Code 56520)

Behavior assessments and behavioral intervention services shall be provided only by individuals who possess the qualifications specified in Education Code 56525 or 5 CCR 3051.23.

Emergency Interventions

Emergency interventions may be used only to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the student or others and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. Emergency interventions shall not be used as a substitute for a systematic BIP that is designed to change, replace, modify, or eliminate a targeted behavior. (Education Code 56521.1)

No emergency intervention shall be used for longer than is necessary to contain the behavior. For any situation that requires a prolonged use of an emergency intervention, staff shall seek assistance of the principal or law enforcement agency, as applicable to the situation. (Education Code 56521.1)

Emergency interventions shall not involve the use of force exceeding what is reasonable and necessary under the circumstances. In addition, use of locked seclusion or a device, material, or objects that simultaneously immobilize all hands and feet shall not be allowed except as allowed by law. (Education Code 56521.1)

Parents/guardians and, if appropriate, residential care providers shall be notified within one school day whenever emergency intervention is used or serious property damage occurs. A behavior emergency report shall immediately be completed, kept in the student's file, and forwarded to the Superintendent or designee for review. This report shall include all of the following information: (Education Code 56521.1)

1. The name and age of the student
2. The setting and location of the incident
3. The name of the staff or other persons involved
4. A description of the incident and the emergency intervention used
5. A statement of whether the student is currently engaged in a systematic BIP
6. Details of any injuries sustained by the student or others, including staff, as a result of the incident

If the behavior emergency report is for a student who does not have a BIP, the Superintendent or designee shall, within two days, schedule an IEP team meeting to review the emergency report, determine the necessity for an FBA, and determine the necessity for an interim BIP. The IEP team shall document the reasons for not conducting the FBA and/or not developing the interim BIP. (Education Code 56521.1)

If the behavior emergency report is for a student who has a BIP, any incident involving a previously unseen serious behavior problem or where a previously designed intervention is not effective shall be referred to the IEP team. The IEP team shall review the incident and determine whether the student's plan needs to be modified. (Education Code 56521.1)

Prohibited Interventions

The district prohibits the use of corporal punishment as defined in Education Code 49001 as an intervention. In addition, the district prohibits all of the following: (Education Code 56521.2)

1. Any intervention designed or likely to cause physical pain, including, but not limited to, electric shock
2. Any intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances near the student's face
3. Any intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities
4. Any intervention that is designed to subject, used to subject, or likely to subject the student to verbal abuse, ridicule, or humiliation or that can be expected to cause excessive emotional trauma
5. Any restrictive intervention that uses a device, material, or objects which simultaneously immobilize all hands and feet, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained staff as a limited emergency intervention
6. Locked seclusion, unless in a facility otherwise licensed or permitted by state law to use a locked room
7. Any intervention that precludes adequate supervision of the student
8. Any intervention that deprives the student of one or more of his/her senses

The district follows regulations, stated in the North Region SELPA Local Plan, regarding the appointment of the individualized education program (IEP) team, the contents of the IEP, and the development, review, and revision of the IEP. [North Region SELPA Board Policies & Administrative Regulations](#)

Policy 6161.1: Selection And Evaluation Of Instructional Materials

Status: DRAFT

Original Adopted Date: 11/01/2011 | **Last Revised Date:** 10/01/2020

The Governing Board desires that district instructional materials, as a whole, present a broad spectrum of knowledge and viewpoints, reflect and value society's diversity, and enhance instructors' ability to educate all students through the use of multiple teaching strategies and technologies. The Board shall adopt instructional materials based on a determination that such materials are an effective learning resource to help students achieve grade-level competency and that the materials meet criteria specified in law. Textbooks, technology-based materials, and other educational materials shall be aligned with academic content standards and the district's curriculum to ensure that they effectively support the district's adopted courses of study.

The Board shall select instructional materials for use in grades K-8 that have been approved by the State Board of Education (SBE) or that have, during the district's review process, been determined to be aligned with the state academic content standards adopted by SBE. (Education Code 60200, 60210)

The Board shall adopt instructional materials for grades 9-12 upon determining that the materials meet the criteria specified in law and the accompanying administrative regulation. (Education Code 60400)

In selecting or adopting instructional materials, the Board shall consider the recommendation of the Superintendent or designee and/or an advisory committee established to review the materials.

Public Hearing on Sufficiency of Instructional Materials

The Board shall annually conduct one or more public hearings on the sufficiency of the district's instructional materials, including textbooks, technology-based materials, other educational materials, and tests. Technology-based materials include, but are not limited to, software programs, video disks, compact disks, optical disks, video and audio tapes, lesson plans, databases, and the electronic equipment required to make use of those materials by students and teachers as a learning resource. (Education Code 60010, 60119)

The hearing shall be held on or before the end of the eighth week from the first day students attend school for that year. (Education Code 60119)

The Board encourages participation by parents/guardians, teachers, interested community members, and bargaining unit leaders at the hearing. Ten days prior to the hearing, the Superintendent or designee shall post a notice in three public places within the district containing the time, place, and purpose of the hearing. The hearing shall not take place during or immediately following school hours. (Education Code 60119)

At the hearing(s), the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks or other instructional materials that are aligned to the content standards adopted by SBE and consistent with the content and cycles of the curriculum framework adopted by SBE in each of the following subjects: (Education Code 60119)

1. Mathematics
2. Science
3. History-social science
4. English language arts, including the English language development component of an adopted program
5. World language
6. Health

The Board shall also determine the availability of science laboratory equipment, as applicable to science laboratory courses offered in grades 9-12. (Education Code 60119)

In making these determinations, the Board shall consider whether each student has sufficient textbooks or other instructional materials to use in class and to take home. This does not require that each student have two sets of materials. However, materials shall not be considered sufficient if they are photocopied sheets from only a portion of

a textbook or instructional materials copied to address a shortage. (Education Code 60119)

If materials are in a digital format, they shall be considered sufficient as long as each student, at a minimum, has and can access the same materials in the class and to take home as all other students in the same class or course in the district, and has the ability to use and access them at home. (Education Code 60119)

If the Board determines that there are insufficient textbooks or other instructional materials, the district shall provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of students who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each student does not have sufficient textbooks or instructional materials. The Board shall take any action to ensure that each student has sufficient materials within two months of the beginning of the school year in which the determination is made. (Education Code 60119)

The degree to which every student has sufficient access to standards-aligned instructional materials shall be included in the district's local control and accountability plan. (Education Code 52060)

Complaints

Complaints concerning instructional materials shall be handled in accordance with BP/AR 1312.2 - Complaints Concerning Instructional Materials or AR 1312.4 - Williams Uniform Complaint Procedures, as applicable

Regulation 6161.1: Selection And Evaluation Of Instructional Materials

Status: DRAFT

Original Adopted Date: 11/01/2010 | Last Revised Date: 10/01/2020

The district's review process for evaluating instructional materials shall involve teachers in a substantial manner and shall encourage the participation of parents/guardians and community members in accordance with Education Code 60002. The review process may also involve administrators, other staff who have subject-matter expertise, and students as appropriate. The Superintendent or designee shall seek input from stakeholders with diverse backgrounds and perspectives.

If the district is considering the use of instructional materials for grades K-8 that have not been adopted by the State Board of Education (SBE), the Superintendent or designee shall ensure that a majority of the participants in the district's review process are classroom teachers who are assigned to the subject area or grade level of the materials. (Education Code 60210)

The Superintendent or designee may establish an advisory committee to conduct the review of instructional materials.

The Superintendent or designee shall present to the Governing Board recommendations for instructional materials and documentation that supports the recommendations.

All recommended instructional materials shall be available for public inspection at the district office.

When possible, the district may pilot instructional materials in a representative sample of classrooms for a specified period of time during a school year, in order to determine the extent to which the materials support the district's curricular goals and academic standards. Feedback from teachers piloting the materials shall be made available to the Board before the materials are adopted.

Criteria for Selection and Adoption of Instructional Materials

In recommending instructional materials for adoption by the Board, the Superintendent or designee shall ensure that the materials:

purpose as defined in guidelines or frameworks adopted by SBE.

12. As appropriate, have corresponding versions available in languages other than English
13. Include high-quality teacher's guides
14. When available, include options for lighter weight materials in order to help minimize any injury to students by the combined weight of instructional materials

In addition to meeting the above criteria as applicable, technology-based materials shall:

1. Will not accept any emolument, money, or other valuable thing or inducement to directly or indirectly introduce, recommend, vote for, or otherwise influence the adoption or purchase of any instructional material (Education Code 60072)

Sample copies of instructional materials are excepted from this prohibition. (Education Code 60075)

2. Are not employed by nor receive compensation from the publisher or supplier of the instructional materials or any person, firm, organization, subsidiary, or controlling entity representing it
3. Do not have an interest as a contributor, author, editor, or consultant in any textbook or other instructional material submitted to the district

Policy 6161.11: Supplementary Instructional Materials

Status: DRAFT

Original Adopted Date: 12/01/1990 | **Last Revised Date:** 11/01/2012

The Governing Board encourages the use of supplementary instructional materials to enrich the curriculum and enhance student learning. Such materials shall be aligned with district goals, curriculum objectives, and academic standards and shall supplement and not supplant the use of Board-adopted basic instructional materials that serve as the primary learning resources.

Supplementary instructional materials include, but are not limited to, instructional materials that are designed to serve one or more of the following purposes: (Education Code 60010)

1. To provide more complete coverage of one or more subjects included in a given course
2. To meet the various learning ability levels of students in a given age group or grade level
3. To meet the diverse educational needs of students with a language disability in a given age group or grade level
4. To meet the diverse educational needs of students reflective of a condition of cultural pluralism
5. To use current, relevant technology that further engages interactive learning in the classroom and beyond

Supplementary instructional materials may be selected by the Superintendent or designee, school administrators, or teachers, as applicable, and obtained through donations to the district and/or available funding sources designated for these purposes.

As appropriate, supplementary instructional materials shall meet the criteria developed for the selection and evaluation of basic instructional materials as described in AR 6161.1 - Selection and Evaluation of Instructional Materials. Supplementary instructional materials shall be directly related to the course of study in which they are being used and shall be appropriate for the age and maturity level of the students.

The use or reproduction of supplementary instructional materials shall be in accordance with federal copyright law.

Supplementary Materials Aligned with Common Core Standards

To prepare district students to achieve the Common Core Standards in English language arts and mathematics and the English language development standards, as applicable, the Board may select supplementary instructional materials from the lists of materials determined by the State Board of Education (SBE) to be aligned with those standards. (Education Code 60605.86-60605.88)

The Board may approve supplementary instructional materials that are not on the lists approved by the SBE but which are aligned with the Common Core Standards provided that the materials comply with the evaluation criteria established by the SBE and Education Code 60050, 60060-60062, and 60226. The Board shall select content review experts who possess the qualifications specified in law to review and recommend such supplementary materials. The majority of the content review experts shall be teachers who are credentialed and/or authorized in the subject area they are reviewing and the remainder shall include appropriate persons from postsecondary educational institutions, school and district curriculum administrators, and other persons who are knowledgeable in the subject area. (Education Code 60605.86-60605.88)

Appropriateness of Materials

Whenever a district employee proposes to use a supplementary resource which is not included in the approved learning resources of the district, he/she shall preview the material to determine whether, in his/her professional judgment, it is appropriate for the grade level taught and is consistent with district criteria for the selection of supplementary instructional materials.

The employee shall confer with the Superintendent or designee as necessary to determine the compliance of the material with district criteria. The primary considerations should be the educational value, appropriateness, and relevance of the materials as well as the ages and maturity of the students.

Policy 6161.2: Damaged Or Lost Instructional Materials

Status: DRAFT

Original Adopted Date: 03/01/1987 | **Last Revised Date:** 07/01/2005

The Governing Board recognizes that instructional materials are an expensive resource and that each student is entitled to sufficient instructional materials in accordance with law. Instructional materials provided for use by students remain the property of the district. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

When materials are lost or so damaged that they are no longer usable, the student shall be immediately issued a replacement material. However, students or parents/guardians shall be responsible for reparation equal to the current replacement cost of the materials. When materials are damaged but still usable, the Superintendent or designee shall determine an appropriate charge.

If it can be demonstrated to the Superintendent or designee's satisfaction that the student has taken all reasonable precautions to safeguard instructional materials issued to him/her, the Superintendent or designee may excuse the student or parent/guardian from payment of reparation.

If reparation is not excused and not paid by the student or parent/guardian, the district may withhold the student's grades, diploma and transcripts in accordance with law, Board policy, and administrative regulation.

Policy 6162.5: Student Assessment

Status: DRAFT

Original Adopted Date: 07/01/2010 | **Last Revised Date:** 09/01/2023

The Governing Board recognizes that student assessments are an important instructional and accountability tool. To obtain the most accurate evaluation of student performance, the district shall use a variety of measures, including district, state, and/or national assessments.

Any student use of technology to complete assessments shall be as specified in Board Policy 5131.9 - Academic Honesty and Board Policy 6163.4 - Student Use of Technology.

Assessment data shall be used to help determine individual students' progress, mastery of academic standards, appropriate placement in district programs, and/or eligibility for graduation. In addition, summary data on student assessment results shall be used by the district to identify and review student achievement goals in the district's local control and accountability plan, evaluate district educational programs in order to identify needed improvements, and, as appropriate, evaluate staff performance.

In selecting or developing any district assessment, the Superintendent or designee shall examine evidence of its reliability, its validity for the intended purpose and for various student populations, and the extent to which it aligns with the material that is being taught.

The Superintendent or designee shall ensure that assessments are administered in accordance with law and test publisher's directions, and that test administration procedures are fair and equitable for all students.

As appropriate, assessment results shall be disaggregated by student subgroup, classroom, grade level, and/or school site to allow for critical analysis of student needs.

The Superintendent or designee shall provide professional development as needed to assist administrators and teachers in interpreting and using assessment data to improve student performance and the instructional program.

When districtwide and school-level results of student assessments are published by the state, the Superintendent or designee may provide supplementary information to assist parents/guardians and the community in understanding test results.

Individual Record of Accomplishment

The Superintendent or designee shall ensure that each student, by the end of grade 12, has an individual record of accomplishment that includes the following: (Education Code 60607)

1. The results of the state achievement tests required and administered as part of the California Assessment of Student Performance and Progress, or any predecessor assessments, pursuant to Education Code 60640-60649
2. The results of any end-of-course examinations taken
3. The results of any vocational education certification examinations taken

No individual record of accomplishment shall be released to any person, other than the student's parent/guardian or a teacher, counselor, or administrator directly involved with the student, without the written consent of the student's parent/guardian, or the student if the student is an adult or emancipated minor. The student or the student's parent/guardian may authorize the release of the record of accomplishment to a postsecondary educational institution for the purposes of credit, placement, or admission. Furthermore, the results of an individual student on the CAASPP may be released to a postsecondary educational institution for the purpose of credit, placement, or admission. (Education Code 60607)

Policy 6162.51: State Academic Achievement Tests

Status: DRAFT

Original Adopted Date: 03/01/2007 | **Last Revised Date:** 12/01/2013

The Governing Board recognizes that state achievement test results provide an indication of student progress in achieving state academic standards and may be used to promote high-quality teaching and learning. The Superintendent or designee shall administer mandatory student assessments within the California Assessment of Student Performance and Progress (CAASPP) as required by law and in accordance with Board policy and administrative regulation.

The Board strongly encourages all students at the applicable grade levels to participate in the state assessments in order to maximize the usefulness of the data and enable the district to meet participation levels required for state and federal accountability systems. The Superintendent or designee shall notify students and parents/guardians about the importance of these assessments and shall develop strategies to encourage student participation. Students shall be exempted from participation only in accordance with law and administrative regulation.

The Board shall annually examine state assessment results by school, grade level, and student subgroup as one measure of the district's progress in attaining its student achievement goals and shall revise the local control and accountability plan and other district or school plans as necessary to improve student achievement for underperforming student groups.

Regulation 6162.51: State Academic Achievement Tests

Status: DRAFT

Original Adopted Date: 12/01/2013 | **Last Revised Date:** 06/01/2021

The Superintendent or designee shall administer the California Assessment of Student Performance and Progress (CAASPP) to all district students at applicable grade levels, except those students exempted by law.

The students of any charter school that receives its state funding allocation through the district shall be tested in coordination with the testing of district students. In addition, the Superintendent or designee shall arrange for the testing of students in any alternative education program or program conducted off campus, including, but not limited to, non-classroom based programs, continuation schools, independent study, community day schools, county community schools, juvenile court schools, or nonpublic, nonsectarian schools. No test shall be administered in a home or hospital except by a test administrator or test examiner. (5 CCR 851)

On or before July 1 of each year, the Superintendent or designee shall identify any district school(s) with students who are unable to access the computer-based assessment of a CAASPP test and shall report the number of such students to the test contractor. If available, a paper and pencil version of the assessment may be administered to such students. (5 CCR 853, 857)

On or before July 1 of each year, the Superintendent or designee shall designate a district coordinator who shall oversee all matters related to the testing program and serve as the district representative and liaison with the test contractor and the California Department of Education (CDE). The Superintendent or designee shall also designate a coordinator for each test site. The duties of the district and site test coordinators shall include those specified in 5 CCR 857-858. (5 CCR 857-858)

The Superintendent or designee also shall appoint trained test administrator(s) to administer the CAASPP achievement tests and test examiner(s) to administer the California Alternate Assessments. A test examiner shall be a certificated or licensed employee or contractor of the district or county office of education. (5 CCR 850)

As appropriate, the Superintendent or designee shall assign a specially trained district employee to serve as a test proctor to assist the test examiner; a specially trained district employee, or other person supervised by a district employee, to serve as a translator to translate the test directions into a student's primary language; and a district employee to serve as a scribe to transcribe a student's responses to the format required by the test. A student's parent/guardian or sibling shall not be eligible to be that student's translator or scribe. (5 CCR 850)

All test administrators, test examiners, proctors, translators, scribes, district and site test coordinators, and other persons having access to any of the CAASPP achievement tests and corresponding test materials, assessment technology platform, or tests administered pursuant to Education Code 60640 shall acknowledge the limited purpose of their access to the achievement tests by signing a test security affidavit. In addition, all district and site test coordinators shall sign a test security agreement before receiving any CAASPP achievement tests and corresponding test materials. The test security affidavit and test security agreement shall be those set forth in 5 CCR 859. (5 CCR 850, 859)

Tests Included in the State Assessment System

The district shall administer the following CAASPP assessments: (Education Code 60640; 5 CCR 851.5)

1. The Smarter Balanced summative assessments for English language arts and mathematics in grades 3-8 and 11, except that:
 - a. Recently arrived English learners, defined pursuant to Education Code 60603 as English learners who are in their first 12 months of attending a school in the United States, shall be exempted from taking the English language arts assessment to the extent allowed by federal law. A recently arrived English learner may be administered the test upon request by the student's parent/guardian.
 - b. Students with disabilities who are unable to participate in the English language arts and mathematics assessments, even with the resources described in the section "Testing Variations" below, shall be provided an alternate test when designated in their individualized education program (IEP), as provided in item #3 below.

2. The California Science Test (CAST) at grades 5, 8, and once in grades 10-12

However, students with disabilities who are unable to participate in the CAST, even with the resources described in the "Testing Variations" section below, shall be provided an alternate test when designated in their IEP, as provided in item #3 below.

3. The California Alternate Assessments (CAA) in English language arts, mathematics, and science for students with significant cognitive disabilities who are unable to take the tests specified in items #1-2 above, even with appropriate accommodations or other testing resources, and who have an IEP that designates the use of alternate tests at the applicable grade levels

In addition, the Superintendent or designee may administer the California Spanish Assessment (CSA) to English learners. Administration of this test shall not replace the administration of the above tests, administered in English, to English learners. (Education Code 60640)

Throughout the school year, schools may use Smarter Balanced interim assessments and formative assessment tools at any grade level to provide timely feedback regarding students' progress toward mastery of the skills measured by the summative assessments in English language arts and mathematics and to assist teachers in continually adjusting instruction to improve learning. The Superintendent or designee may determine the timing and frequency of the administration of such assessments.

Exemptions

Each year the Superintendent or designee shall notify parents/guardians of their child's participation in the CAASPP and of the provisions of Education Code 60615 related to exemptions from testing. (5 CCR 852)

Parents/guardians may annually submit to the school a written request to excuse their child from any or all parts of the CAASPP assessments for the school year, and such a request shall be granted by the Superintendent or designee. However, district employees shall not solicit or encourage any exemption request on behalf of any student or group of students. (Education Code 60615; 5 CCR 852)

If a parent/guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent/guardian and included in the student's records. (5 CCR 852)

Testing Period

The Superintendent or designee shall establish testing days for district students within the following available testing windows: (5 CCR 855)

1. Unless otherwise specified in state regulations, assessments shall be administered between the date on which at least 66 percent of the school's or track's annual instructional days have been completed, but no earlier than the second Tuesday in January, and the last day of instruction for the regular annual calendar of the school or track, but no later than July 15 or, if July 15 is not a weekday, then the next weekday following July 15.
2. The CAA for science shall be administered annually beginning on a date in September as determined by CDE through the last day of instruction for the regular annual calendar of the school or track, but no later than July 15 or, if July 15 is not a weekday, then the next weekday following July 15.

Within the above testing windows, the Superintendent or designee may designate one testing period for each school or track or, if a school has multiple tracks, a selected testing period for each track. The district shall not exceed six selected testing periods within the available testing window. The testing period shall be no fewer than 25 consecutive instructional days and may be extended up to an additional 10 consecutive instructional days if still within the available testing window set forth in items #1-2 above. (5 CCR 855)

Students who are absent during testing shall be provided an opportunity to take the tests within the testing window.

Testing Variations

All CAASPP tests shall be administered in accordance with the manuals or other instructions provided by the test

contractor or CDE except that, as appropriate, the following testing variations may be used: (5 CCR 850, 853-854.4)

1. Universal tools specified in 5 CCR 854.1-854.4 may be used with any student.
2. Designated supports specified in 5 CCR 854.1-854.4 may be used with a student for whom the need has been indicated by an educator or team of educators, with parent/guardian and student input as appropriate, or for whom the need is specified in the student's IEP or Section 504 plan.
3. Accommodations specified in 5 CCR 854.1-854.4 may be used with a student with disabilities when included in the student's IEP or Section 504 plan as resources that are regularly used in the classroom for the student's instruction and/or assessment(s). Such accommodations shall be either utilized in the assessment environment or consist of changes in procedures or materials that increase equitable access during the assessment.
4. An unlisted resource that has not been specifically identified as an approved universal tool, designated support, or accommodation may be used with a student who has an IEP or Section 504 plan provided that the resource is one that is regularly used in the classroom for instruction and/or assessment and CDE has approved its use. At least 10 business days prior to the student's first day of CAASPP testing, the district or school site test coordinator may electronically submit a request to CDE for approval to use that unlisted resource during that year. If CDE determines that the unlisted resource changes the construct being measured, the unlisted resource may nevertheless be used with the student in order to generate an individual score report even though the student shall not be counted in the participation rate for accountability measures. (5 CCR 854.9)

In the administration of the CAA to a student with significant cognitive disabilities, the student may have all instructional supports that may be used in daily instruction or assessment, including language and physical supports, with the exception of any inappropriate test practices listed in test administration manuals. (5 CCR 850, 854.5)

Report of Test Results

For any state assessments that produce valid individual student results, the Superintendent or designee shall forward or transmit the student's test results to the student's parents/guardians within 20 working days from receipt of the results from the test contractor or, if the district receives the results from the contractor after the last day of instruction for the school year, then within the first 20 working days of the next school year. The report shall include a clear explanation of the purpose of the test, the student's score, and its intended use by the district. An individual student's scores shall also be reported to the school and teacher(s) and shall be included in the student record. (Education Code 60641; 5 CCR 863)

With parent/guardian consent, the Superintendent or designee may release a student's test results to a postsecondary educational institution for the purposes of credit, placement, determination of readiness for college-level coursework, or admission. (Education Code 60641)

The Superintendent or designee shall present districtwide, school-level, and grade-level results to the Governing Board at a regularly scheduled meeting. The Board shall not receive individual students' scores or the relative position of any individual student. (Education Code 49076, 60641)

Policy 6162.54: Test Integrity/Test Preparation

Status: DRAFT

Original Adopted Date: 03/01/2001 | **Last Revised Date:** 04/01/2014

The Governing Board desires to protect the integrity of student assessments in order to obtain accurate and reliable student achievement data and to ensure accountability to the community and state. Staff and students shall maintain a high level of integrity in the completion and handling of student assessments.

In administering standardized tests, staff shall not engage in any acts that could result in the invalidation of test results, such as:

1. Providing inappropriate test preparation
2. Modifying test administration procedures, except as allowed by law
3. Providing inappropriate assistance to students during test administration
4. Changing or filling in answers on student answer sheets
5. Providing inaccurate data on student header sheets
6. Discouraging or excluding certain students from taking the test
7. Engaging in any other practice to artificially raise student scores without actually improving underlying student achievement

Appropriate Test Preparation

The Superintendent or designee, principals, and teachers shall not implement any program for the sole purpose of test preparation of students for the statewide assessment system or a particular test used in the statewide assessment system. (Education Code 60611)

The primary preparation for assessments shall be high-quality instruction in the content specified in state and district academic standards. In addition, staff may prepare students for assessments by teaching general test-taking strategies and familiarizing them with item types or the computer-based testing environment used in state assessments.

Investigation and Consequences of Testing Irregularities

Reports of cheating on assessments shall be submitted to the Superintendent or designee. The Superintendent or designee shall immediately investigate with due diligence any reports of inappropriate test preparation or other testing irregularities.

Students found to have cheated on assessments shall be subject to disciplinary procedures in accordance with Board policy and administrative regulations.

A staff member found to have committed testing irregularities shall be subject to discipline in accordance with law, applicable collective bargaining agreements, Board policy, and administrative regulations.

If the Superintendent or designee is made aware of a testing irregularity on state assessments, he/she shall report the irregularity to the California Department of Education.

Policy 6162.6: Use Of Copyrighted Materials

Status: DRAFT

Original Adopted Date: 06/01/1988 | **Last Revised Date:** 08/01/2013

The Governing Board recognizes that district staff and students may use a variety of copyrighted materials in the educational program and other district operations. When such materials have not been purchased by the district for the intended use, the Board expects staff and students to respect the protections afforded by federal law to the copyright owners of those materials and respect any limitations by the copyright holder to the license of such materials.

Any literary, musical, dramatic, choreographic, pictorial, graphic, sculptural, audiovisual or motion picture, sound, architectural, or other original work shall be assumed to be a copyrighted work, regardless of whether the work appears in print, audio, video, electronic, or other fixed and tangible form.

Before reproducing a copyrighted material for instructional or other district purposes, a staff member shall determine if the material is in the public domain or if the intended use of the material meets the criteria for fair use or another exception pursuant to 17 USC 107-122. If the material is not in the public domain or no recognized exception applies, the staff member shall seek permission of the copyright holder before using the material.

The Superintendent or designee shall inform staff that inclusion of an attribution citing the author and source of a copyrighted material does not absolve the staff member from the responsibility to either obtain permission or satisfy criteria for fair use or another exception.

If a staff member is uncertain as to whether the intended use of the material meets the criteria for fair use or another exception, he/she shall take the safest course and seek permission from the copyright holder to use the material or, if it is impracticable to obtain permission, shall contact the Superintendent or designee for clarification and assistance.

Students shall not copy or distribute copyrighted works to others. Staff members shall take reasonable precautions to prevent copying or the use of unauthorized copies on school equipment.

The Superintendent or designee shall ensure that staff and students receive information and training about copyright laws and the penalties for violating such laws.

Regulation 6162.6: Use Of Copyrighted Materials

Status: DRAFT

Original Adopted Date: 06/01/1988 | Last Revised Date: 08/01/2013

Prior to reproducing, distributing, displaying, posting, performing, or otherwise using a copyrighted material for an instructional purpose or in the course of other district business, district staff shall determine whether it is necessary to request permission of the copyright holder. Unless the staff member is reasonably certain that the material is in the public domain or the intended use meets the criteria for an exception specified in 17 USC 107-122 and this administrative regulation, he/she shall either obtain permission from the copyright holder or avoid use of the material. In addition, permission of the copyright holder shall be requested whenever district staff intend to publicly disseminate a copyrighted work, such as by posting on the district or school web site or using another method of communications accessible to the public.

Any reproduction or other use of a copyrighted work shall include the copyright notice.

District staff shall not reproduce and distribute copyrighted works of any type in any of the following circumstances:

1. When the copyrighted work is a "consumable" work such as a workbook, standardized test, answer sheet, or similar material
2. To substitute for the purchase of the work
3. To create, replace, or substitute for anthologies or collective works

Request for Permission to Use Copyrighted Material

As necessary, district staff desiring to use a copyrighted material shall identify and contact the copyright holder to request permission to use the material. The request shall include the following information:

1. Title, author(s), editor(s) or publisher, producer(s) or distributor
2. Edition, copyright, and/or production year
3. Exact amount of material to be used, such as the number of lines, pages, or chapters or percentage of the work
4. Nature of the use, such as the course in which it will be used, the grade level of the students, the number of students, and the frequency of use
5. How the material will be reproduced and distributed

If the copyright holder requires a fee to grant permission, district staff shall seek approval from the Superintendent or designee prior to incurring the cost.

Criteria for Fair Use

In considering whether a copyrighted work may be used without the copyright holder's permission on the grounds that the intended use is "fair use" pursuant to 17 USC 107, including reproduction in copies, phonorecords, or any other reproductive form for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research, district staff shall consider all of the following factors: (17 USC 107)

1. The purpose and character of the use, including whether the use is of a commercial nature or for nonprofit educational purposes
2. The nature of the copyrighted work
3. The amount and substantiality of the portion used in relation to the copyrighted work as a whole
4. The effect of the use upon the potential market for or value of the copyrighted work

Any determination of fair use shall weigh together all the factors specified in items #1-4 above in addition to any applicable guidelines presented in this administrative regulation for specific types of copyrighted works.

Guidelines for Copying Text

Staff may reproduce text from a copyrighted work from a printed resource, the Internet, or other source, without permission from the copyright holder, under the following conditions:

1. A single copy of a chapter of a book, article from a periodical or newspaper, short story, short essay, short poem, chart, graph, diagram, drawing, cartoon, or picture may be made by or for a teacher for his/her scholarly research or use in teaching or preparation to teach a class.
2. Multiple copies, not to exceed one copy per student in a course, may be made by or for a teacher for classroom use or discussion, provided that:
 - a. The amount to be copied does not exceed:
 - i. 250 words for a complete poem or excerpt from a poem
 - ii. 2,500 words for a complete article, story, or essay
 - iii. 1,000 words or 10 percent of the whole (with a minimum of 500 words), whichever is less, for an excerpt from a larger prose work
 - iv. One illustration (e.g., chart, graph, diagram, cartoon, or picture) per book or periodical issue
 - b. The copying is for only one course in the school.
 - c. With the exception of newspapers and other news periodicals, not more than one work is copied from the same author per term, not more than three works are copied from the same collective work or periodical volume per term, and there are no more than nine instances of multiple copying per course per term.
 - d. A delay to request permission from the copyright holder would preclude the most effective instructional use of the material.

Guidelines for Reproducing Sheet and Recorded Music

District staff may reproduce sheet music and recorded music without permission from the copyright holder under the following conditions:

1. Emergency copies may be made when purchased copies needed for an imminent performance are not available, provided that replacement copies shall be purchased in due course.
2. Single or multiple copies of excerpts of works may be made for academic purposes other than performances, provided that the excerpt does not constitute an entire performable unit (e.g., a section, movement, or aria), no more than 10 percent of the total work is used, and the number of copies made does not exceed one per student.

4. The recording may be retained for 45 calendar days after it is made and then shall be erased or destroyed. If the teacher decides to keep the program for use in the curriculum, he/she shall request permission from the copyright owner.
5. Off-air recordings need not be used in their entirety, but the content of recorded programs may not be altered.

The principal or designee shall give such permission only after he/she has provided written notification to all parents/guardians of students in the affected class, asking them to verify whether their child has any known allergies, asthma, or other health condition that may be aggravated by the animal's presence. When an individual's service animal is excluded, he/she shall be given an opportunity to participate in the service, program, or activity without having the service animal present. Free appropriate public education (FAPE) means the provision of regular or special education and related aids and services designed to meet the individual educational needs of a student with disabilities as adequately as the needs of students without disabilities are met, at no cost to the student or his/her parent/guardian except when a fee is specifically authorized by law for all students. (34 CFR 104.33)

Student with a disability means a student who has a physical or mental impairment which substantially limits one or more major life activities. (28 CFR 35.108)

Mental impairment means any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disability. (28 CFR 35.108)

Substantially limits major life activities means limiting a person's ability to perform functions, as compared to most people in the general population, such as caring for himself/herself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, writing, communicating, and working. Major life activities also includes major bodily functions such as functions of the immune system, special sense organs and skin, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions, as well as the operation of an individual organ within a body system. 1. A parent/guardian, teacher, other school employee, student success team, or community agency may refer a student to the principal or 504 Coordinator for identification as a student with a disability under Section 504.
2. Upon receipt of any such referral, the principal, 504 Coordinator, or other qualified individual with expertise in the area of the student's suspected disability shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including those in academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.

If it is determined that an evaluation is unnecessary, the principal or 504 Coordinator shall inform the parents/guardians in writing of this decision and of the procedural safeguards available, as described in the "Procedural Safeguards" section below.

3. If the student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to his/her initial placement. (34 CFR 104.35)

Prior to conducting an initial evaluation of a student for eligibility under Section 504, the district shall obtain written parent/guardian consent.

The district's evaluation procedures shall ensure that the tests and other evaluation materials: (34 CFR 104.35)

- a. Have been validated and are administered by trained personnel in conformance with the instruction provided by the test publishers
- b. Are tailored to assess specific areas of educational need and are not merely designed to provide a single general intelligence quotient
- c. Reflect the student's aptitude or achievement or whatever else the tests purport to measure rather than his/her impaired sensory, manual, or speaking skills, except where those skills are the factors that the tests purport to measure

Section 504 Services Plan and Placement

Services and placement decisions for students with disabilities shall be determined as follows:

1. A multidisciplinary 504 team shall be convened to review the evaluation data in order to make placement decisions.

The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. (34 CFR 104.35)

In interpreting evaluation data and making placement decisions, the team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also ensure that information obtained from all such sources is documented and carefully considered and that the placement decision is made in conformity with 34 CFR 104.34. (34 CFR 104.35)

2. If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify the types of regular or special education services, accommodations, and supplementary aids and services necessary to ensure that the student receives FAPE.

The parents/guardians shall be invited to participate in the meeting and shall be given an opportunity to examine all relevant records.

3. If the 504 team determines that no services are necessary for the student, the record of the team's meeting shall reflect whether or not the student has been identified as a person with a disability under Section 504 and shall state the basis for the determination that no special services are presently needed. The student's parent/guardian shall be informed in writing of his/her rights and procedural safeguards, as described in the "Procedural Safeguards" section below.
4. The student shall be placed in the regular educational environment, unless the district can demonstrate that the education of the student in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs. (34 CFR 104.34)
5. The district shall complete the identification, evaluation, and placement process within a reasonable time frame. The district shall adhere to this time frame regardless of any extended school breaks or times that school is otherwise not in session.
6. A copy of the student's Section 504 services plan shall be kept in his/her student record. The student's teacher(s) and any other staff who provide services to the student shall be informed of the plan's requirements.

If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school.

Review and Reevaluation

The 504 team shall monitor the progress of the student and, at least annually, shall review the effectiveness of the student's Section 504 services plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of students without disabilities are met. In addition, each student with a disability under Section 504 shall be reevaluated at least once every three years.

A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement. (34 CFR 104.35)

Procedural Safeguards

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. He/she also shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate. (34 CFR 104.36)

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing within 30 days of that action or decision.

Prior to requesting a Section 504 due process hearing, the parent/guardian may, at his/her discretion, but within 30 days of the district's action or decision, request an administrative review of the action or decision. The Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue and the administrative review shall be held within 14 days of receiving the parent/guardian's request. If the parent/guardian is not satisfied with the resolution of the issue, or if the parent/guardian did not request an administrative review, he/she may request a Section 504 due process hearing.

A Section 504 due process hearing shall be conducted in accordance with the following procedures:

1. The parent/guardian shall submit a written request to the Coordinator within 30 days of receiving the district's decision or, if an administrative review is held, within 14 days of the completion of the review. The request for the due process hearing shall include:
 - a. The specific nature of the decision with which he/she disagrees
 - b. The specific relief he/she seeks
 - c. Any other information he/she believes is pertinent to resolving the disagreement
2. Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 Coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.
3. Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.
4. The parties to the hearing shall be afforded the right to:
 - a. Be accompanied and advised by legal counsel and by individuals with special knowledge or training related to the problems of students with disabilities under Section 504
 - b. Present written and oral evidence
 - c. Question and cross-examine witnesses
 - d. Receive written findings by the hearing officer stating the decision and explaining the reasons for the decision

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent

jurisdiction.

Notifications

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504. (34 CFR 104.32)

Policy 6170.1: Transitional Kindergarten

Status: DRAFT

Original Adopted Date: 10/01/2015 | **Last Revised Date:** 12/01/2021

The Governing Board desires to offer a high-quality transitional kindergarten (TK) program for eligible children who do not yet meet the minimum age criterion for kindergarten. The TK program shall assist students in developing the academic, social, and emotional skills needed to succeed in kindergarten and beyond.

The district's TK program shall be the first year of a two-year kindergarten program. (Education Code 48000)

The Board encourages ongoing collaboration among district preschool staff, other preschool providers, elementary teachers, administrators, and parents/guardians in the development, implementation, and evaluation of the district's TK program.

Eligibility

The district's TK program shall admit children as follows: (Education Code 48000):

1. For the 2021-22 school year, children whose fifth birthday is between September 2 through December 2
2. For the 2022-23 school year, children whose fifth birthday is between September 2 and February 2
3. For the 2023-24 school year, children whose fifth birthday is between September 2 and April 2
4. For the 2024-25 school year, children whose fifth birthday is between September 2 and June 2
5. For the 2025-26 school year, and in each school year thereafter, children who turn four by September 1

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or childcare program. (Education Code 48000).

Parents/guardians of eligible children shall be notified of the availability of the TK program and of the age, residency, immunization, and any other enrollment requirements. Enrollment in the TK program shall be voluntary.

On a case-by-case basis, a child whose fifth birthday is on or before September 1 may be admitted into the district's TK program upon request of a child's parents/guardians, if the Superintendent or designee determines that it is in the child's best interest.

At any time during the school year, the district may admit into the TK program a child whose fifth birthday is after the date specified for admittance for the applicable year as described above, provided that the Superintendent or designee recommends that enrollment in a TK program is in the child's best interest and the child's parents/guardians approve. Prior to such enrollment, the child's parents/guardians shall be provided information regarding the advantages and disadvantages and any other explanatory information about the effect of early admittance. (Education Code 48000)

Curriculum and Instruction

The district's TK program shall be based on a modified kindergarten curriculum that is age and developmentally appropriate. (Education Code 48000)

The program shall be aligned with the preschool learning foundations and preschool curriculum frameworks developed by the California Department of Education (CDE). It shall be designed to facilitate students' development in essential knowledge and skills related to language and literacy, mathematics, physical development, health, visual and performing arts, science, history-social science, English language development, and social-emotional development.

The Board shall establish the length of the school day in the district's TK program, which shall be at least three hours but no more than four hours long except for TK students enrolled in expanded learning opportunity programs provided by the district pursuant to Education Code 46120. If the district has adopted an extended-day kindergarten, the length of the school day for the TK program may be different than the length of the school day for the kindergarten program either at the same or different school sites. The Superintendent or designee shall annually

report to CDE as to whether the district's TK programs are offered full day, part day, or both. (Education Code 8973, 37202, 46111, 46115, 46117, 48003)

The Superintendent or designee shall develop a plan for how all children in the attendance area of the district will have access to full-day learning programs the year before kindergarten that meet the needs of parents/guardians, including through partnerships with the district's expanded learning offerings, the After School Education and Safety Program, the California State Preschool Program (CSPP), Head Start programs, and other community-based early learning and care programs. The Superintendent or designee shall present such plan for consideration by the Board at a public meeting on or before June 30, 2022. (Education Code 8281.5)

The district shall maintain an average TK class enrollment of not more than 24 students for each school site. (Education Code 48000)

Staffing

The Superintendent or designee shall ensure that teachers assigned to teach in TK classes possess a teaching credential or permit from the Commission on Teacher Credentialing (CTC) that authorizes such instruction.

A credentialed teacher who is first assigned to a TK class after July 1, 2015, shall, by August 1, 2023, have at least 24 units in early childhood education and/or child development, comparable professional experience in a preschool setting, and/or a child development teacher permit issued by CTC. (Education Code 48000)

The Superintendent or designee may provide professional development as needed to ensure that TK teachers are knowledgeable about the standards and effective instructional methods for teaching young children, including, but not limited to, developing competencies in serving inclusive classrooms and dual language learners.

The district shall, commencing with the 2022-23 school year, maintain an average of at least one adult for every 12 students for TK classrooms and, contingent upon an appropriation of funding, maintain an average of at least one adult for every 10 students commencing with the 2023-24 school year. (Education Code 48000)

Continuation to Kindergarten

Students who complete the TK program shall be eligible to continue in kindergarten the following school year. Parents/guardians of such students shall not be required to submit a signed Kindergarten Continuance Form for kindergarten attendance.

A student shall not attend more than two years in a combination of TK and kindergarten. (Education Code 46300)

Assessment

The Superintendent or designee may develop or identify appropriate formal and/or informal assessments of TK students' development and progress. The Superintendent or designee shall monitor and regularly report to the Board regarding program implementation, the progress of students in meeting related academic standards, and student preparedness for future education.

Policy 6171: Title I Programs

Status: DRAFT

Original Adopted Date: 11/01/2002 | **Last Revised Date:** 03/01/2018

The Governing Board desires to provide a high-quality education that enables all students to meet challenging state academic standards. In schools with a large number or percentage of economically disadvantaged families, the district shall use Title I funds to provide services that strengthen the academic program and provide support to students at risk of failing to achieve academic standards.

Title I funds shall be used to supplement, not supplant, funds available from state and local sources for the education of students participating in Title I programs. (20 USC 6314, 6321)

Descriptions of how the district will address the required components of the Title I local educational agency plan, as specified in 20 USC 6312, shall be included within the district's control and accountability plan (LCAP), the LCAP Federal Addendum, or another document. School-level strategies shall be aligned with the district's plan and be tailored to the specific needs of the students at the school.

In addition, the district and each school receiving Title I funds shall develop a written parent/guardian and family engagement policy in accordance with 20 USC 6318.

Comparability of Services

In schools receiving Title I funds, state and local funds shall be used to provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all district schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade span. (20 USC 6321)

To demonstrate comparability of services among district schools, the district shall:

1. Adopt and implement a districtwide salary schedule
2. Ensure equivalence in teachers, administrators, and other staff, as measured by either or both of the following:
 - a. The ratio of students to instructional staff at each Title I school within a grade span, which shall not exceed 110 percent of the average ratio for all non-Title I district schools within that grade span
 - b. Salary expenditures for instructional staff at each Title I school, which shall be no less than 90 percent of the average salary expenditure across non-Title I district schools.
3. Ensure equivalence in the provision of curriculum materials and instructional supplies, by determining whether the per-student expenditure of state and local funds for curriculum materials and instructional supplies in Title I schools is between 90 and 110 percent of the district wide average
4. Determine whether the amount of state and local funds allocated per student for each grade span is between 90 and 110 percent of the per student average for each grade span in non-Title I schools

In determining comparability, the district shall not include staff salary differentials for years of employment. The district also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to students with disabilities, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

The Superintendent or designee shall annually assess comparability in accordance with the above criteria and maintain records documenting the district's compliance. If any instances of noncomparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

Participation of Private School Students

The district shall provide or contract to provide special educational services, instructional services (including evaluations to determine the progress being made in meeting students' academic needs), counseling, mentoring, one-

on-one tutoring, or other Title I benefits to eligible private school students residing in a participating school attendance area. Such services and benefits shall be provided on an equitable basis in comparison to services and other benefits for public school students. (20 USC 6320, 7881)

Program Evaluation

The Board shall regularly monitor the progress of economically disadvantaged and low-achieving students in Title I schools. During the annual evaluation of the district's progress toward achieving each goal identified in the LCAP or other planning document addressing 20 USC 6312, the Board shall review disaggregated data on academic achievement, school attendance, and other outcomes for such students and shall ensure that strategies are revised as necessary to support continuous improvement.

Regulation 6171: Title I Programs

Status: DRAFT

Original Adopted Date: 08/01/2006 | **Last Revised Date:** 03/01/2018

Schoolwide Programs

A school may operate a Title I schoolwide program in order to upgrade the entire educational program of the school when at least 40 percent of the students in the school attendance area, or at least 40 percent of the students enrolled in the school, are from low-income families. (20 USC 6314; 34 CFR 200.25)

A school that does not meet these criteria may operate a Title I schoolwide program if it receives a waiver from the California Department of Education. (20 USC 6314)

Any school operating a schoolwide program shall develop a comprehensive plan with the involvement of parents/guardians, other members of the community to be served, and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of other federal education programs), the district, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, secondary school students as applicable, and other individuals determined by the school. (20 USC 6314)

The schoolwide program plan shall be based on a comprehensive needs assessment of the entire school and shall be incorporated into a single plan for student achievement which also incorporates the plans required for other categorical programs included in the state's consolidated application. (Education Code 64001; 20 USC 6314)

The plan shall describe the strategies that the school will implement to address school needs, including a description of how such strategies will: (20 USC 6314)

1. Provide opportunities for all students, including economically disadvantaged students, ethnic subgroups, students with disabilities, and English learners, to meet state academic standards
2. Use methods and instructional strategies that strengthen the school's academic program, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education
3. Address the needs of all students in the school, but particularly the needs of those at risk of not meeting state academic standards, through activities which may include the following:
 - a. Counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas
 - b. Preparation for and awareness of opportunities for postsecondary education and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school
 - c. Implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervention services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act
 - d. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments and to recruit and retain effective teachers, particularly in high-need subjects
 - e. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs

The plan shall also include a description of any applicable federal, state, and local programs that will be consolidated in the schoolwide program. (20 USC 6314; 34 CFR 200.27)

The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet state academic standards. (20 USC 6314)

Targeted Assistance Programs

Any school that receives Title I funds but does not operate a schoolwide program shall use Title I funds to provide services to eligible students who are failing, or most at risk of failing, to meet state academic standards. Students shall be identified on the basis of multiple, educationally related, objective criteria, except that students in preschool through grade 2 shall be selected solely on the basis of criteria, including objective criteria, established by the district and supplemented by the school. (20 USC 6315)

Eligible students include those who are economically disadvantaged; students with disabilities; migrant students, including those who participated in a migrant education program pursuant to 20 USC 6391-6399 in the preceding two years; English learners; students who participated in a Head Start or state preschool program in the preceding two years; students in a local institution for neglected or delinquent children and youth or attending a community day program for such students; and homeless students. (20 USC 6315)

Any targeted assistance program shall: (20 USC 6315)

1. Use program resources to help participating students meet state academic standards, which may include programs, activities, and academic courses necessary to provide a well-rounded education
2. Use methods and instructional strategies that strengthen the academic program, through activities which may include:
 - a. Expanded learning time, before- and after-school programs, and summer programs and opportunities
 - b. A schoolwide tiered model to prevent and address behavior problems, and early intervention services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act
3. Coordinate with and support the regular education program, which may include services to assist preschool students in the transition to elementary school programs
4. Provide professional development to teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel and other school personnel who work with eligible students in Title I programs or in the regular education program. The professional development shall be provided using funds from Title I and, to the extent practicable, other sources.
5. Implement strategies to increase the involvement of parents/guardians of participating students
6. If appropriate and applicable, coordinate and integrate federal, state, and local services and programs, such as programs supported by the Elementary and Secondary Education Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career technical education programs, and comprehensive or targeted support and improvement activities under 20 USC 6311
7. Provide assurances to the Superintendent or designee that the program will:
 - a. Help provide an accelerated, high-quality curriculum
 - b. Minimize the removal of students from the regular classroom during regular school hours for instruction supported by Title I funds
 - c. On an ongoing basis, review the progress of participating students and revise the targeted assistance program, if necessary, to provide additional assistance to enable such students to meet state academic standards

Participation of Private School Students

Teachers and families of participating private school students shall have an opportunity to participate, on an equitable basis, in parent/guardian and family engagement activities and professional development pursuant to 20 USC 6318. (20 USC 6320, 7881)

Each year the Superintendent or designee shall contact officials of private schools with students who reside within

district boundaries, regardless of whether the private school they attend is located within the district or whether or not those officials have previously indicated any interest in program participation, and invite them to a meeting to discuss the intent of Title I and the roles of public and private school officials.

The Superintendent or designee shall consult with appropriate private school officials, in a meaningful and timely manner, during the design and development of the district's Title I programs, with the goal of reaching agreement on how to provide equitable and effective programs for eligible private school students. Such consultation shall occur before the district makes any decision that affects the opportunities of eligible private school students to participate in Title I programs and shall include consultation on issues such as the following: (20 USC 6320, 7881; 34 CFR 200.56)

1. How the needs of private school students will be identified
2. What services will be offered
3. How, where, and by whom the services will be provided
4. How the services will be academically assessed and how assessment results will be used to improve those services
5. The size and scope of the equitable services to be provided to eligible private school students, the proportion of funds to be allocated for such services, and how that proportion of funds is determined
6. The method or sources of data that are used to determine the number of students from low-income families in participating school attendance areas who attend private schools
7. How and when the district will make decisions about the delivery of services to such students, including a thorough consideration and analysis of the views of private school officials on the provision of services through a third-party provider
8. How, if the district disagrees with the views of private school officials on the provision of services through a third-party provider, the district will provide to private school officials a written analysis of the reasons that the district has chosen not to use a contractor
9. Whether the district will provide services directly or through a separate government agency, consortium, entity, or third-party contractor
10. Whether to provide services to eligible private school students by pooling funds or on a school-by-school basis
11. When services will be provided, including the approximate time of day
12. Whether to consolidate and use funds provided under Title I with other funds available for services to private school students

If the district disagrees with the views of private school officials with respect to any of the above issues, the district shall provide the officials, in writing, the reasons that the district disagrees. (20 USC 6320)

Meetings between district and private school officials shall continue throughout implementation and assessment of services. (20 USC 6320)

The district shall maintain, and shall provide to the CDE, a written affirmation signed by officials of each participating private school that consultation has occurred. The affirmation shall provide the option for private school officials to indicate their belief that timely and meaningful consultation has not occurred or that the program design is not equitable with respect to private school students. If private school officials do not provide the affirmation within a reasonable period of time, the district shall send documentation to the CDE demonstrating that the consultation has, or attempts at such consultation have, taken place. (20 USC 6320)

The Superintendent or designee shall also maintain copies of program descriptions, notices, funding allocations, and other communications and records pertaining to the provision of services to private school students.

Policy 6172.1: Concurrent Enrollment In College Classes

Status: DRAFT

Original Adopted Date: 07/01/2008 | **Last Revised Date:** 03/01/2020

The Governing Board desires to provide opportunities for eligible district students to enroll concurrently in courses offered at postsecondary institutions in order to foster individual student achievement, increase opportunities for students to complete college preparatory course requirements and/or participate in career technical education (CTE), and prepare students for a smooth transition into college by providing exposure to the collegiate environment.

When it is determined that the postsecondary course in which the student intends to enroll is substantially equivalent to a course provided by the district, the student may receive credit toward high school graduation requirements in addition to credit received from the college.

Approval of Concurrent Enrollment

The Board may approve a limited number of students of any age or grade level to apply for part-time or full-time concurrent enrollment in a community college or four-year college when it is determined to be in the student's best interest and the student is adequately prepared for such coursework.

Upon recommendation of the principal and with parent/guardian consent, the Board may authorize a student to attend a community college during any session or term as a special part-time or full-time student and to undertake one or more courses of instruction offered at the community college level. (Education Code 48800)

Within the enrollment limits and exceptions allowed by law, the principal may recommend a student for community college summer session if that student demonstrates adequate preparation in the discipline to be studied and exhausts all opportunities to enroll in an equivalent course, if any, at the school of attendance. (Education Code 48800)

A student's parent/guardian, regardless of the student's age or grade level, may petition the Board to authorize special full-time attendance at a community college on the ground that the student would benefit from advanced scholastic or career technical work that would be available. If the petition is denied, an appeal may be filed with the County Board of Education. (Education Code 48800.5)

If the Board denies a request for special part-time or full-time enrollment at a community college for a student who is identified as highly gifted and talented, the Board shall issue its written recommendation and the reasons for the denial at its next regularly scheduled Board meeting that falls at least 30 days, but within 60 days, after the request has been submitted. (Education Code 48800, 48800.5)

The Board may authorize a student who is pursuing a high school diploma or a high school equivalency certificate through an adult education program, upon recommendation of the administrator of the student's adult school, to attend a community college during any session or term as a special part-time student. (Education Code 52620)

College and Career Access Pathways Partnerships

The Board may enter into a College and Career Access Pathways (CCAP) partnership agreement with the board of a community college district for the purpose of offering or expanding dual enrollment opportunities for students. The agreement shall be approved at an open public Board meeting, with an opportunity for public input provided prior to the Board taking action. If the CCAP agreement provides for CTE pathways, the Board shall consult with and consider input from appropriate local workforce board(s) to determine the extent to which the pathways are aligned with regional and statewide employment needs. (Education Code 76004)

Program Evaluation

The Superintendent or designee shall regularly report to the Board regarding the number and demographics of district students participating in the concurrent enrollment option, their success in completing college preparatory courses ("a-g" courses) and postsecondary courses, and any impact on their achievement in district courses and graduation rates.

Regulation 6172.1: Concurrent Enrollment In College Classes

Status: DRAFT

Original Adopted Date: 07/01/2008 | **Last Revised Date:** 03/01/2020

Credit

Unless enrolled as part of a College and Career Access Pathways (CCAP) partnership agreement in which students are authorized to take up to 15 units per term in a community college, as described below, district students enrolled in a community college as special part-time students may enroll in up to 11 units per semester, or the equivalent. Such students shall receive credit for community college courses that they complete in an amount jointly determined appropriate by the district and the community college governing board. (Education Code 48800, 76001, 76004)

A written agreement regarding the student's enrollment in postsecondary courses and the credits to be awarded for successful completion shall be signed by the student, parent/guardian, principal, and college representative. The student shall be informed whether the credits to be earned are considered academic credits or elective credits, whether the credits count towards high school graduation requirements, and whether the course would need to be completed again during the college years to satisfy college graduation requirements.

To receive district credit for coursework completed at a community college or four-year college, the student or parent/guardian shall submit a transcript showing completion of the course with a passing grade.

College and Career Access Pathways Partnerships

The district may enter into a CCAP agreement, in accordance with Education Code 76004, which includes terms regarding course offerings, student eligibility, protocols for sharing information, joint facilities use, and staff qualifications.

A copy of the CCAP agreement shall be filed with the Office of the Chancellor of the California Community Colleges and with the California Department of Education before the start of the agreement. (Education Code 76004)

Only courses that provide career technical education or preparation for transfer, assist in improving high school graduation rates, or help high school students achieve college and career readiness shall be offered, and physical education courses shall not be provided. (Education Code 76004)

Students may enroll in up to 15 units of community college courses per term if all of the following circumstances are satisfied: (Education Code 76004)

1. The units constitute no more than four community college courses per term.
2. The units are part of an academic program that is part of a CCAP agreement.
3. The units are part of an academic program that is designed to award students both a high school diploma and an associate degree or a certificate or credential.

A high school student shall submit one parental consent form and principal recommendation for the duration of the student's concurrent enrollment under a CCAP partnership. (Education Code 76004)

The district shall report information annually to the office of the Chancellor of the California Community Colleges as specified in Education Code 76004.

Minimum School Day

The minimum day of attendance in district schools shall be 180 minutes for any student who is enrolled part-time in a community college and any student in grades 11-12 who is enrolled part-time in the California State University or University of California, when the student is enrolled in classes for which academic credit will be provided upon satisfactory completion of enrolled courses. (Education Code 46146, 48801)

A student enrolled full-time at a community college shall be exempted from full-time attendance in the district's regular education program. (Education Code 48800.5)

Policy 6173: Education For Homeless Children

Status: DRAFT

Original Adopted Date: 07/01/2005 | **Last Revised Date:** 03/01/2023

The Governing Board believes that the identification of students experiencing homelessness is critical to improving the educational outcomes of such students and ensuring that students experiencing homelessness have access to the same free and appropriate public education provided to other students within the district. The district shall provide students experiencing homelessness with access to education and other services necessary for such students to meet the same challenging academic standards as other students.

When there are at least 15 students experiencing homelessness in the district or a district school, the district's local control and accountability plan (LCAP) shall include goals and specific actions to improve student achievement and other outcomes of students experiencing homelessness. (Education Code 52052, 52060, 52064)

The Superintendent or designee shall review district policies at least once every three years and recommend updates to ensure removal of any barriers to the education of homeless students and unaccompanied youth. Any such review shall address identification, enrollment, and retention of such students, including those barriers that are due to absences or outstanding fees or fines. (Education Code 48851.3, 42 USC 11432)

The Superintendent or designee shall designate an appropriate staff person to serve as a liaison for homeless children and youths. The district liaison for homeless students shall fulfill the duties specified in 42 USC 11432 to assist in identifying and supporting students experiencing homelessness to succeed in school, and as specified in Education Code 48851.3 related to trainings for district staff providing assistance to students experiencing homelessness.

The Superintendent or designee shall ensure that each district school identifies all students experiencing homelessness and unaccompanied youths enrolled at the school. (Education Code 48851)

To ensure easy identification of students experiencing homelessness, the Superintendent or designee shall annually provide and administer a housing questionnaire developed by the California Department of Education (CDE) to all parents/guardians of students and all unaccompanied youths. (Education Code 48851)

If the primary language of a student's parent/guardian or an unaccompanied youth is not English, either the housing questionnaire shall be made available in the primary language of the student's parent/guardian or the unaccompanied youth pursuant to Education Code 48985, or an appropriate translation of the housing questionnaire shall be provided upon request of a student's parent/guardian or an unaccompanied youth. (Education Code 48851)

The Superintendent or designee shall report to CDE the number of students experiencing homelessness, including unaccompanied youths, enrolled in the district as identified from the housing questionnaire described above. (Education Code 48851)

In addition, the Superintendent or designee shall ensure that the district liaison's contact information and other information on homelessness, including, but not limited to, information regarding the educational rights and resources available to persons experiencing homelessness, are posted on the district and school web sites as specified in the accompanying administrative regulation. (Education Code 48852.6)

The Superintendent or designee shall ensure that placement decisions for students experiencing homelessness are based on the student's best interest as defined in law and administrative regulation.

Each student experiencing homelessness shall be provided services that are comparable to services offered to other students in the school, including, but not limited to, transportation, educational programs for which the student meets the eligibility criteria (such as federal Title I services or similar state or local programs, programs for students with disabilities, and educational programs for English learners), career and technical education programs, programs for gifted and talented students, and school nutrition programs. (Education Code 48850; 42 USC 11432)

Students experiencing homelessness shall not be segregated into a separate school or program based on their status as homeless and shall not be stigmatized in any way. However, the Superintendent or designee may separate students experiencing homelessness on school grounds as necessary for short periods of time for health and safety emergencies or to provide temporary, special, and supplementary services to meet their unique needs. (42 USC 11432, 11433)

The Superintendent or designee shall ensure that information and/or materials for students experiencing homelessness are provided in a manner and form understandable to the student's parents/guardians and to unaccompanied youths.

Information about the living situation of a student experiencing homelessness shall be considered part of a student's educational record, subject to the Family Educational Rights and Privacy Act, shall not be deemed to be directory information as defined in 20 USC 1232g, and shall not be released without written consent. (42 USC 11432)

The Superintendent or designee shall coordinate with other agencies and entities to ensure that students experiencing homelessness are promptly identified, ensure that students experiencing homelessness have access to and are in reasonable proximity to available education and related support services, and raise the awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness. Toward these ends, the Superintendent or designee shall collaborate with local social services agencies, other agencies or entities providing services to students experiencing homelessness, and, if applicable, transitional housing facilities. In addition, the Superintendent or designee shall coordinate transportation, transfer of school records, and other interdistrict activities with other local educational agencies. As necessary, the Superintendent or designee shall coordinate, within the district and with other involved local educational agencies, services for students experiencing homelessness and services for students with disabilities. (42 USC 11432)

At least annually, the district liaison and other appropriate staff shall participate in professional development and other technical assistance activities to assist them in identifying and meeting the needs of students experiencing homelessness. Such professional development and technical assistance shall include, but are not limited to, training on the district's homeless education program policies, definitions of terms related to homelessness, recognition of signs that students are experiencing or are at risk of experiencing homelessness, the steps that should be taken once a potentially homeless student is identified, and how to connect students experiencing homelessness with appropriate housing and service providers. (Education Code 48851.3, 48852.5; 42 USC 11432)

At least annually, the Superintendent or designee shall report to the Board on the identification of and outcomes for students experiencing homelessness, which may include, but are not limited to, the housing questionnaire responses, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, suspension/expulsion rates, and other outcomes related to any goals and specific actions identified in the LCAP. Based on the evaluation data, the district shall revise its strategies as needed to more effectively identify and support the education of students experiencing homelessness.

Annually, the Superintendent or designee shall report to CDE, in accordance with Education Code 51225.1, the number of students experiencing homelessness graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Regulation 6173: Education For Homeless Children

Status: DRAFT

Original Adopted Date: 12/01/2014 | Last Revised Date: 03/01/2023

Definitions

Homeless students or students experiencing homelessness means students who lack a fixed, regular, and adequate nighttime residence and includes: (Education Code 48859; 42 USC 11434a)

1. Students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals
2. Students who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings
3. Students who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings
4. Migratory children who qualify as homeless because they are living in conditions described in items #1-3 above

Unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian. (Education Code 48859; 42 USC 11434a)

School of origin means the school that the student experiencing homelessness attended when permanently housed or the school in which the student was last enrolled, including a preschool. If the school the student experiencing homelessness attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the student attended within the preceding 15 months and with which the student is connected, the district liaison for homeless students, in consultation with and with the agreement of the student experiencing homelessness and the person holding the right to make educational decisions for the student, shall determine which school is, in the best interests of the student experiencing homelessness, deemed the school of origin. (Education Code 48852.7; 42 USC 11432)

Best interest means that, in making educational and school placement decisions for a student experiencing homelessness, consideration is given to, among other factors, educational stability, the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress, and the student's access to academic resources, services, and extracurricular and enrichment activities that are available to all district students. (Education Code 48850, 48853; 42 USC 11432)

District Liaison

The Superintendent designates the following staff person as the district liaison for homeless students: (42 USC 11432)

- Executive Director of Student Services

The district's liaison for homeless students shall: (Education Code 48851.3, 48851.5, 48852.5; 42 USC 11432)

1. Ensure that students experiencing homelessness are identified by school personnel through outreach and coordination activities with other entities and agencies
2. Ensure that students experiencing homelessness are enrolled in, and have a full and equal opportunity to succeed in, district schools
3. Ensure that families and students experiencing homelessness have access to and receive educational services for which they are eligible, including services through Head Start and Early Head Start programs, early intervention services under Part C of the federal Individuals with Disabilities Education Act, and other preschool programs administered by the district
4. Ensure that families and students experiencing homelessness receive referrals to health care services, dental services, mental health and substance abuse services, housing services, and other appropriate services

5. Inform parents/guardians of the educational and related opportunities available to their children and ensure that they are provided with meaningful opportunities to participate in the education of their children
6. Disseminate public notice of the educational rights of students experiencing homelessness in locations frequented by parents/guardians of students experiencing homelessness and by unaccompanied youth, including schools, shelters, public libraries, and hunger relief agencies (soup kitchens). The rights shall be presented in a manner and form understandable to the parents/guardians of homeless students and unaccompanied youth.
7. Mediate enrollment disputes in accordance with law and the section "Resolving Enrollment Disputes" below
8. Fully inform parents/guardians of students experiencing homelessness and unaccompanied youth of all transportation services, including transportation to the school of origin, and assist them in accessing transportation to the school of choice
9. Ensure that unaccompanied youth are enrolled in school, have opportunities to meet the same challenging state academic standards established for other students, and are informed of their status as independent students under 20 USC 1087vv and that they may receive assistance from the district liaison to receive verification of their independent student status for purposes of applying for federal student aid pursuant to 20 USC 1090
10. Coordinate and collaborate with state coordinators and community and school personnel responsible for the provision of education and related services to students experiencing homelessness, including the collection and provision of comprehensive data to the state coordinator as required by law

In addition, when notified pursuant to Education Code 48918.1, the district liaison shall assist, facilitate, or represent a student experiencing homelessness who is undergoing a disciplinary proceeding that could result in the student's expulsion. When notified pursuant to Education Code 48915.5, the district liaison shall participate in an individualized education program (IEP) team meeting to make a manifestation determination regarding the behavior of a student with a disability.

The Superintendent or designee shall inform students experiencing homelessness, their parents/guardians, school personnel, service providers, and advocates working with homeless families of the duties of the district's liaison. The Superintendent or designee shall also provide the name and contact information of the district's liaison to the California Department of Education (CDE) for publishing on CDE's web site. (42 USC 11432)

Enrollment

The district shall make placement decisions for students experiencing homelessness based on the student's best interest. (Education Code 48850; 42 USC 11432)

In determining a student's best interest, a student experiencing homelessness shall, to the extent feasible, be placed in the school of origin, unless the student's parent/guardian or the unaccompanied youth requests otherwise. (Education Code 48852.7; 42 USC 11432)

When determining the best interest of any student experiencing homelessness, the district shall give priority to the request of the student's parent/guardian, or in the case of an unaccompanied youth, the request of the student. The student's educational stability and opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress and other student-centered factors related to the student's best interest, including the impact of mobility on the student's achievement, education, health, and safety, shall also be considered. (Education Code 48850; 42 USC 11432)

Such factors may include, but are not limited to, the age of the student, the distance of the commute and the impact it may have on the student's education, personal safety issues, the student's need for special instruction, the length of anticipated stay in the temporary shelter or other temporary location, likely area of future housing, school placement of siblings, and the time remaining in the school year.

However, placement decisions shall not be based on whether a student experiencing homelessness lives with the student's homeless parent/guardian or has been temporarily placed elsewhere. (42 USC 11432)

In the case of an unaccompanied youth, the district liaison shall assist in placement or enrollment decisions, give priority to the views of the student, and provide notice to the student of the right to appeal. (42 USC 11432)

Once a placement decision has been made, the principal or designee shall immediately enroll the student in the school of choice. The student shall be enrolled even if the student: (Education Code 48850, 48852.7; 42 USC 11432)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended
2. Does not have clothing normally required by the school, such as school uniforms
3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, and records of immunization and other required health records
4. Has missed application or enrollment deadlines during any period of homelessness

The principal or designee shall immediately contact the school last attended by the student to obtain the relevant records. If the student needs to obtain immunizations or does not possess immunization or other required health records, the principal or designee shall immediately refer the parent/guardian to the district liaison for homeless students. The district liaison shall assist the parent/guardian, or the student if the student is an unaccompanied youth, in obtaining the necessary immunizations, screenings, or records for the student. (42 USC 11432)

If the student is placed at a school other than the school of origin or the school requested by the student's parent/guardian or the student, if an unaccompanied youth, the Superintendent or designee shall provide the parent/guardian or the unaccompanied youth with a written explanation of the reasons for the decision, including why placement in the student's school of origin or requested school is not in the student's best interest, along with a statement regarding the right to appeal the placement decision. The written explanation shall be in a manner and form understandable to such parent/guardian or unaccompanied youth. (42 USC 11432)

At the point of any change or subsequent change in the residence of a student experiencing homelessness, the student may continue attending the student's school of origin for the duration of the homelessness. (Education Code 48852.7; 42 USC 11432)

To ensure that the student experiencing homelessness has the benefit of matriculating with the student's peers in accordance with the established feeder patterns, the following shall apply: (Education Code 48852.7; 42 USC 11432)

1. If the student is transitioning between grade levels, the student shall be allowed to continue in the same attendance area
2. If the student is transitioning to a middle school or high school, and the school designated for matriculation is in another school district, the student shall be allowed to continue to the school designated for matriculation in that district

If the student's housing status changes before the end of the school year so that the student is no longer experiencing homelessness, the student shall be allowed to stay in the school of origin: (Education Code 48852.7)

1. Through the duration of the school year if the student is in grades K-8
2. Through graduation if the student is in high school

Resolving Enrollment Disputes

If a dispute arises over student eligibility, school selection, or enrollment in a particular school, the matter shall be referred to the district liaison, who shall carry out the dispute resolution process as expeditiously as possible. (42 USC 11432)

The parent/guardian or unaccompanied youth shall be provided with a written explanation of any decisions related to eligibility, school selection, or enrollment and of the right of the parent/guardian or unaccompanied youth to appeal such decisions. (42 USC 11432)

The written explanation shall include:

1. A description of the action proposed or refused by the district
2. An explanation of why the action is proposed or refused
3. A description of any other options the district considered and the reasons that any other options were rejected
4. A description of any other factors relevant to the district's decision and information related to the eligibility or best interest determination including the facts, witnesses, and evidence relied upon and their sources
5. Appropriate timelines to ensure any relevant deadlines are not missed
6. Contact information for the district liaison and state coordinator, and a brief description of those roles

The written explanation shall be complete, as brief as possible, simply stated, and provided in language that the parent/guardian or student can understand.

The district liaison may use an informal process as an alternative to formal dispute resolution procedures, provided that the parents/guardians or unaccompanied youth have access to the more formal process if informal resolution is not successful in resolving the matter.

In working with a student's parents/guardians or unaccompanied youth to resolve an enrollment dispute, the district liaison shall:

1. Inform the student's parents/guardians or unaccompanied youth that written and/or oral documentation to support their position may be provided
2. Inform the student's parents/guardians or unaccompanied youth that they may seek the assistance of social services, advocates, and/or service providers in having the dispute resolved
3. Provide a simple form that they may use and turn in to the school to initiate the dispute resolution process
4. Provide a copy of the dispute form they submit for their records
5. Provide the outcome of the dispute for their records

When a student's parent/guardian or an unaccompanied youth involved in the enrollment dispute is an English learner, Items #1-5 shall be provided either in the native language of the parent/guardian or unaccompanied youth or through an interpreter. Any additional support needed because of a disability of that parent/guardian or unaccompanied youth shall be made available without a charge.

If a parent/guardian or unaccompanied youth disagrees with the district liaison's enrollment decision, the decision may be appealed to the Superintendent. The Superintendent shall make a determination within five working days.

If the parent/guardian chooses to appeal the district's placement decision, the district liaison shall forward all written documentation and related paperwork to the liaison for homeless students at the county office of education.

Pending final resolution of the dispute, including all available appeals, the student shall be immediately enrolled in the school in which enrollment is sought and shall be allowed to attend classes and participate fully in school activities. (42 USC 11432, 11434a)

Transportation

The district shall provide transportation for a student experiencing homelessness to and from the student's school of origin when the student is residing within the district and the parent/guardian, or the district liaison in the case of an unaccompanied youth, requests that such transportation be provided. If the student moves outside of district boundaries, but continues to attend the student's school of origin within this district, the Superintendent or designee shall consult with the superintendent of the district in which the student is now residing to agree upon a method to apportion the responsibility and costs of the transportation. (42 USC 11432)

Any fees that the district charges for home-to-school transportation and other transportation as expressly provided by law shall be waived for students experiencing homelessness. (Education Code 39807.5)

The district shall not be obligated to provide transportation to students who continue attending their school of origin after they secure permanent housing, unless the formerly homeless student has an IEP that includes transportation as a necessary related service for the student. (Education Code 48852.7)

Transfer of Coursework and Credits

When a student experiencing homelessness transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the student and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable, for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned
3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full credit for any coursework that the student has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school. (Education Code 51225.2)

If the entire course was completed, the district shall not require the student to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the student shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the student to retake the portion of the course completed if, in consultation with the holder of educational rights for the student, the district finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a student in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. (Education Code 51225.2)

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a student experiencing homelessness from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Applicability of Graduation Requirements

To obtain a high school diploma, a student experiencing homelessness shall complete all courses required by Education Code 51225.3 and fulfill any additional graduation requirements established by the Governing Board.

However, when a student experiencing homelessness who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, the student shall be

exempted from all district-established coursework and other district-established graduation requirements, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high school by the end of the fourth year of high school. Within 30 calendar days of the student's transfer, the Superintendent or designee shall notify the student, the person holding the right to make educational decisions for the student, and the district liaison for homeless students of the availability of the exemption and whether the student qualifies. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the student is no longer homeless. (Education Code 51225.1)

To determine whether a student is in the third or fourth year of high school, the district shall use either the number of credits the student has earned as of the date of the transfer, the length of school enrollment, or, for a student with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the student for the exemption. (Education Code 51225.1)

If a student experiencing homelessness was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the person holding the right to make educational decisions for the student may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. A student may request the exemption even if the student is no longer a student experiencing homelessness. (Education Code 51225.1)

When the Superintendent or designee determines that a student who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the student's fourth year of high school, the student shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the student shall be reevaluated based on the student's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for exemption shall be provided to the student, the person holding the right to make educational decisions for the student, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the student experiencing homelessness is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the person holding the right to make educational decisions for the student, and provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

When a student experiencing homelessness is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the student and the person holding the right to make educational decisions for the student about the following: (Education Code 51225.1)

1. Discussion of how any requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution
2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges
3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a student experiencing homelessness to transfer schools in order to qualify for an exemption and shall not grant any request made by a student experiencing homelessness, the person holding the right to make educational decisions for the student, or the district liaison on behalf of the student, for a transfer solely to qualify for an exemption. (Education Code 51225.1)

The Superintendent or designee shall not require a student experiencing homelessness who is eligible for an exemption from district-established graduation requirements, and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

If a student experiencing homelessness is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the student is no longer experiencing homelessness or if the student transfers to another school, including a charter school, or school district. (Education Code 51225.1)

The Superintendent or designee shall not require or request a student experiencing homelessness who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

Upon making a finding that a student experiencing homelessness is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the person holding the right to make educational decisions for the student, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the student's ability to gain admission to a postsecondary educational institution
2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges
3. Upon agreement with the student or with the person holding the right to make educational decisions for the student if under 18 years of age, permit the student to stay in school for a fifth year to complete the district-established graduation requirements
4. Consult with the student or with the person holding the right to make educational decisions for the student of the option to remain in the student's school of origin

When a student experiencing homelessness who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the person holding the right to make educational decisions for the student, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements
2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education
3. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges
4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Eligibility for Extracurricular Activities

A student experiencing homelessness who enrolls in any district school shall have access to extracurricular and enrichment activities that are available to all students in the school, including but not limited to, interscholastic sports administered by the California Interscholastic Federation. (Education Code 48850)

Notification, Complaints, and Posting Requirements

Information regarding the educational rights of students experiencing homelessness, as specified in Education Code

51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

Any complaint that the district has not complied with requirements regarding the education of students experiencing homelessness, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.

The Superintendent or designee shall ensure that a list of the district's liaison(s) and the contact information for such liaison(s), as well as specific information on homelessness, including, but not limited to, information regarding the educational rights and resources available to students experiencing homelessness, are posted on the district's web site. (Education Code 48852.6)

Each district school that has a web site shall also post the contact information for the district liaison and the name and contact information of any employee or other person under contract with the school who assists the district liaison in completing the liaison's duties pursuant to 42 USC 11432. (Education Code 48852.6)

Policy 6173.1: Education For Foster Youth

Status: DRAFT

Original Adopted Date: 03/01/2008 | **Last Revised Date:** 03/01/2023

The Governing Board recognizes that foster youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs that may be addressed with the provision of a safe, positive learning environment that is free from discrimination and harassment and that promotes students' self-esteem and academic achievement.

The Superintendent or designee shall provide foster youth with full access to the district's educational program and implement strategies necessary for the improvement of the academic achievement of foster youth as identified in the district's local control and accountability plan (LCAP). The Superintendent or designee shall also develop strategies to build a foster youth's feeling of connectedness with school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

The Superintendent or designee shall ensure that placement decisions for foster youth are based on the students' best interests as defined in law and as specified in the accompanying administrative regulation. To that end, the Superintendent or designee shall designate a staff person as the district liaison for foster youth to help facilitate the enrollment, placement, and transfer of foster youth.

The Superintendent or designee and district liaison shall ensure that all appropriate staff, including, but not limited to, each principal, school registrar, and attendance clerk, receive training on the enrollment, placement, and transfer of foster youth and other related rights.

To address the needs of foster youth and help ensure the maximum utilization of available funds, the Superintendent or designee shall collaborate with local agencies and officials including, but not limited to, the county placing agency, social services, probation officers, and juvenile court officers. The Superintendent or designee shall explore the feasibility of entering into agreements with these groups to coordinate services and protect the rights of foster youth.

At least annually and in accordance with the established timelines, the Superintendent or designee shall report to the Board on the outcomes for foster youth regarding the goals and specific actions identified in the LCAP, including, but not limited to, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, and suspension/expulsion rates. As necessary, evaluation data shall be used to determine and recommend revisions to the LCAP for improving or increasing services for foster youth.

Annually, the Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of foster youth graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Person holding the right to make educational decisions means a responsible adult appointed by a court pursuant to Welfare and Institutions Code 361 or 726.

School of origin means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the foster youth was last enrolled, or if there is another school that the foster youth attended with which the foster youth is connected and that the foster youth attended within the preceding 15 months, the district liaison, in consultation with, and with the agreement of, the foster youth and the person holding the right to make educational decisions for the foster youth shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. (Education Code 48853.5)

Best interests of a foster youth means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the proximity to the school at the time of placement, appropriateness of the educational setting, educational stability, the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress, and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all district students. (Education Code 48850, 48853; 20 USC 6311)

District Liaison

The Superintendent designates the following position as the district's liaison for foster youth: (Education Code 48853.5)

Executive Director of Student Services
1216 Solano Avenue
(510) 558-3750

The liaison for foster youth shall:

1. Ensure and facilitate the proper educational placement, enrollment in school, and checkout from school of students in foster care (Education Code 48853.5)

2. Ensure proper transfer of credits, records, and grades when students in foster care transfer from one school to another or from one district to another (Education Code 48645.5, 48853.5)

When a student in foster care is enrolling in a district school, the liaison shall contact, within two business days of the student's request for enrollment, the school last attended by the student to obtain all academic and other records. When a foster youth is transferring to a new school, the liaison shall provide the student's records to the new school within two business days of receiving the new school's request. (Education Code 48853.5)

3. Notify a foster youth's educational rights holder, attorney, and county social worker when a foster youth is undergoing any expulsion or other disciplinary proceeding including a manifestation determination for a foster youth who is a student with a disability, prior to a change in the foster youth's placement. (Education Code 48853.5, 48911, 48915.5, 48918.1)
4. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973
5. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services
6. Develop protocols and procedures for creating awareness for district staff, including principals, school registrars, and attendance clerks, of the requirements for the proper enrollment, placement, and transfer of foster youth
7. Collaborate with the county office of education, county placing agency, county child welfare agency, county probation department, juvenile court, and other appropriate agencies to help coordinate instruction, counseling, tutoring, mentoring vocational training, and other related services for the district's foster youth

Enrollment

A student placed in a licensed children's institution or foster family home within the district shall attend programs operated by the district unless one of the following circumstances applies: (Education Code 48853, 48853.5)

1. The student has an individualized education program requiring placement in a nonpublic, nonsectarian school or agency or in another local educational agency
2. The parent/guardian or other person holding the right to make educational decisions for the student determines that it is in the best interests of the student to be placed in another education program and submits a written statement to the district indicating that determination and an awareness of the following:
 - a. The student has a right to attend a regular public school in the least restrictive environment
 - b. The alternate education program is a special education program, if applicable
 - c. The decision to unilaterally remove the student from the district school and to place the student in an alternate education program may not be financed by the district
 - d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent/guardian or other person holding the right to make educational decisions for the student
3. At the initial placement or any subsequent change in placement, the student exercises the right to continue in the school of origin, as defined above. In any such circumstance, the following shall apply:
 - a. The student may continue in the school of origin for the duration of the court's jurisdiction
 - b. If the court's jurisdiction over a grade K-8 student is terminated prior to the end of a school year, the student may continue in the school of origin for the remainder of the school year
 - c. If the court's jurisdiction is terminated while the student is in high school, the student may continue in the school of origin through graduation

- d. If the student is transitioning between school grade levels, the student shall be allowed to continue in the district in the same attendance area to provide the student the benefit of matriculating with the student's peers in accordance with the established feeder patterns of school in the district. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The role of the liaison shall be advisory with respect to placement decisions and determination of the school of origin. (Education Code 48853.5)

The district liaison may, in consultation with and with the agreement of the foster youth and the person holding the right to make educational decisions for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the foster youth be enrolled in any school that students living in the attendance area in which the foster youth resides are eligible to attend. All decisions shall be made in accordance with the foster youth's best interests. (Education Code 48853.5)

Prior to making any recommendation to move a foster youth from the school of origin, the liaison shall provide the foster youth and the person holding the right to make educational decisions for the youth with a written explanation of the basis for the recommendation and how the recommendation serves the youth's best interests. (Education Code 48853.5)

If the liaison, in consultation with the foster youth and the person holding the right to make educational decisions for the foster youth, agrees that the best interests of the foster youth would be served by a transfer to a school other than the school of origin, the principal or designee of the new school shall immediately enroll the foster youth, regardless of whether the foster youth: (Education Code 48853.5)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended
2. Does not have clothing normally required by the school, such as school uniforms
3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, and medical records, including, but not limited to, immunization records or other documentation

If the foster youth or a person holding the right to make educational decisions for the foster youth disagrees with the liaison's enrollment recommendation, an appeal may be filed with the Superintendent. The Superintendent shall make a determination within 30 calendar days of receipt of the appeal. Within 30 calendar days of receipt of the Superintendent's decision, the foster youth or the person holding the right to make educational decisions for the foster youth may appeal that decision to the Board. The Board shall consider the issue at its next regularly scheduled meeting. The Board's decision shall be final.

If any dispute arises regarding the request of a foster youth to remain in the school of origin, the foster youth has the right to remain in the school of origin pending resolution of the dispute. (Education Code 48853.5)

Transportation

The Superintendent or designee shall collaborate with the local child welfare agency to determine how transportation will be provided, arranged, and funded in a cost-effective manner to enable a foster youth to remain in the school of origin, for the duration of the time spent in foster care, when it is in the foster youth's best interest to do so. Such transportation costs may be paid by either the child welfare agency or the district, or shared by both. (20 USC 6312)

Any fees that the district charges for home-to-school transportation and other transportation as expressly provided by law shall be waived for foster youth. (Education Code 39807.5)

Effect of Absences on Grades

The grades of a student in foster care shall not be lowered for any absence from school that is due to either of the following circumstances: (Education Code 49069.5)

1. A decision by a court or placement agency to change the student's placement, in which case the grades shall be calculated as of the date the student left school

2. A verified court appearance or related court-ordered activity

Transfer of Coursework and Credits

When a foster youth transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the foster youth and includes:

(Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full or partial credit for any coursework that the foster youth has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency. (Education Code 51225.2)

If the entire course was completed, the district shall not require the foster youth to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the foster youth shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the foster youth to retake the portion of the course completed if, in consultation with the holder of educational rights for the foster youth, the district finds that the foster youth is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a foster youth in any particular course, the foster youth shall be enrolled in the same or equivalent course, if applicable, to enable the completion of the entire course. (Education Code 51225.2)

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a foster youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Applicability of Graduation Requirements

To obtain a high school diploma, a foster youth shall complete all courses required by Education Code 51225.3 and fulfill any additional graduation requirements prescribed by the Board.

However, when a foster youth who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, the foster youth shall be exempted from all district-established coursework and other district-established graduation requirements, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high

school by the end of the fourth year of high school. Within 30 calendar days of the foster youth's transfer, the Superintendent or designee shall notify the foster youth, the person holding the right to make educational decisions for the foster youth, and the foster youth's social worker of the availability of the exemption and whether the foster youth qualifies for it. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the student is no longer a foster youth. (Education Code 51225.1)

To determine whether a foster youth is in the third or fourth year of high school, the district shall use either the number of credits the foster youth has earned as of the date of the transfer, the length of school enrollment, or for a foster youth with significant gaps in school attendance, the foster youth's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the foster youth for the exemption. (Education Code 51225.1)

If a foster youth was not properly notified of an exemption, declined the exemption, or was not previously exempted, the foster youth or the person holding the right to make educational decisions for the foster youth may request the exemption and the Superintendent or designee shall exempt the foster youth within 30 days of the request. A student who at one time qualified for the exemption may request the exemption even if the student is no longer eligible. (Education Code 51225.1)

When the Superintendent or designee determines that a foster youth who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the foster youth's fourth year of high school, the foster youth shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the foster youth shall be reevaluated based on the foster youth's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the foster youth's fourth year of high school. Written notice as to whether the foster youth then qualifies for the exemption shall be provided to the foster youth, the person holding the right to make educational decisions for the foster youth, and if applicable, to the foster youth's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the foster youth is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the foster youth's fourth year of high school, the Superintendent or designee shall provide the foster youth with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the foster youth, or if under 18 years of age, the person holding the right to make educational decisions for the foster youth, and provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

When a foster youth is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the foster youth and the person holding the right to make educational decisions for the foster youth about the following: (Education Code 51225.1.)

1. Discussion of how any requirements that are waived may affect the foster youth's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution
2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges
3. Consideration of the foster youth's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a foster youth to transfer schools in order to qualify for an exemption and shall not grant any request made by a foster youth or any person acting on behalf of a foster youth for a transfer solely to qualify the foster youth for an exemption. (Education Code 51225.1)

The Superintendent or designee shall not require a foster youth who is eligible for an exemption from district-established graduation requirements, and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the foster youth is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

If a foster youth is exempted from district-established graduation requirements the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the termination of the court's jurisdiction over the student while still enrolled in school or if the foster youth transfers to another school or school district. (Education Code 51225.1)

The Superintendent or designee shall not require or request a foster youth who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the foster youth's fourth year of high school. (Education Code 51225.1)

Upon making a finding that a foster youth is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the foster youth and the person holding the right to make educational decisions for the foster youth of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the foster youth's ability to gain admission to a postsecondary educational institution
2. Consult with and provide information to the foster youth about transfer opportunities available through the California Community Colleges
3. Upon agreement with the foster youth or, if under 18 years of age, the person holding the right to make educational decisions for the foster youth, permit the foster youth to stay in school for a fifth year to complete the district-established graduation requirements
4. Consult with the foster youth and the person holding the right to make educational decisions for the foster youth of the option to remain in the foster youth's school of origin

When a foster youth who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements within the foster youth's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the foster youth shall be exempted from all district-established graduation requirements and provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the foster youth and the person holding the right to make educational decisions for the foster youth, regarding the following: (Education Code 51225.1)

1. The foster youth's option to remain in school for a fifth year to complete statewide coursework requirements
2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the foster youth's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education
3. Other options available to the foster youth, including but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges
4. The foster youth's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Eligibility for Extracurricular Activities

A foster youth whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities. (Education Code 48850)

Notification and Complaints

Information regarding the educational rights of foster youth shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

Any complaint alleging that the district has not complied with requirements regarding the education of foster youth may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. If the district finds merit in a complaint, the district shall provide a remedy to the affected student. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE) and shall receive a written decision regarding the appeal within 60 days of CDE's receipt of the appeal. If CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

Policy 6174: Education For English Learners

Status: DRAFT

Original Adopted Date: 03/01/2017 | **Last Revised Date:** 06/01/2023

The Governing Board intends to provide English learners with challenging curriculum and instruction that maximize the attainment of high levels of proficiency in English, advance multilingual capabilities, and facilitate student achievement in the district's regular course of study.

English learners shall be provided differentiated English language development instruction which is targeted to their English proficiency level. Such instruction shall be based on sound instructional theory, be aligned with state content standards, emphasize inquiry-based learning and critical thinking skills, and be integrated across all subject areas.

No middle or high school student who is an English learner shall be denied enrollment in any of the following: (Education Code 60811.8)

1. Courses in the core curriculum areas of reading/language arts, mathematics, science, and history/social science, courses required to meet state and local high school graduation requirements, or courses required for middle school grade promotion

However, an English learner who has been enrolled in a school in the United States for less than 12 months or is enrolled in a program designed to develop the basic English skills of newly arrived immigrant students may be denied participation in any such course, if the course of study provided to the student is designed to remedy academic deficits incurred during participation and reasonably calculated to enable the student to attain parity of participation in the standard instructional program within a reasonable length of time after the student enters the school system.

2. A full course load of courses specified in Item #1 above
3. Other courses that meet the "A-G" course requirements for college admission or are advanced courses such as honors or Advanced Placement courses, on the sole basis of the student's classification as an English learner

The district shall identify in its local control and accountability plan (LCAP) goals and specific actions and services to enhance student engagement, academic achievement, and other outcomes for English learners.

The Superintendent or designee shall encourage parent/guardian and community involvement in the development and evaluation of programs for English learners.

Staff Qualifications and Training

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

The district shall provide effective professional development to teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), and administrators to improve the instruction and assessment of English learners and enhance staff's ability to understand and use curricula, assessment, and instructional strategies for English learners. Such professional development shall be of sufficient intensity and duration to produce a positive and lasting impact on teachers' performance in the classroom. (20 USC 6825)

Identification and Assessment

The Superintendent or designee shall maintain procedures for the early identification of English learners and an assessment of their proficiency using the English Language Proficiency Assessments for California (ELPAC). To oversee test administration, the Superintendent or designee shall annually designate a district ELPAC coordinator and a site coordinator for each test site in accordance with 5 CCR 11518.40-11518.45.

Once identified as an English learner, a student shall be annually assessed for language proficiency until the student is reclassified based on criteria specified in the accompanying administrative regulation.

In addition, English learners' academic achievement in English language arts, mathematics, science, and any additional subject required by law shall be assessed using the California Assessment of Student Performance and Progress. As necessary, the test shall be administered with testing variations in accordance with 5 CCR 853. English learners who

are in their first 12 months of attending a school in the United States shall be exempted from taking the English language arts assessment to the extent allowed by federal law. (Education Code 60603, 60640; 5 CCR 853)

Formative assessments may be utilized to analyze student performance and appropriately adapt teaching methodologies and instructions.

Language Acquisition Programs

The district shall offer research-based language acquisition programs that are designed to ensure English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards. (Education Code 306; 5 CCR 11300)

At a minimum, the district shall offer a structured English immersion program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English. (Education Code 305-306; 5 CCR 11309)

For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed.

The district's language acquisition programs for grades K-3 shall comply with class size requirements specified in Education Code 42238.02. (Education Code 310)

In establishing the district's language acquisition programs, the Superintendent or designee shall consult with parents/guardians and the community during the LCAP development process. The Superintendent or designee shall also consult with administrators, teachers, and other personnel with appropriate authorizations and experience in establishing a language acquisition program. (Education Code 305)

At the beginning of each school year or upon a student's enrollment, parents/guardians shall be provided information on the types of language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program, the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request establishment of a language acquisition program. (Education Code 310; 5 CCR 11310)

Whenever a student is identified as an English learner based on the results of the ELPAC, the student's parents/guardians may choose a language acquisition program that best suits their child. To the extent possible, any language acquisition program requested by the parents/guardians of 30 or more students at the school or by the parents/guardians of 20 or more students at any grade level shall be offered by the school. (Education Code 310; 5 CCR 11311)

Reclassification

When an English learner is determined based on state and district reclassification criteria to have acquired a reasonable level of English proficiency pursuant to Education Code 313 and 52164.6, or upon request by the student's parent/guardian, the student shall be transferred from a language acquisition program into an English language mainstream classroom.

An English learner may include a student who was not born in the United States or whose native language is a language other than English; a student who is Native American or Alaska Native, or a native resident of the outlying areas, who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or a student who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant. (Education Code 306; 20 USC 7801)

Integrated English language development means instruction in which the state-adopted English language development standards are used in tandem with the state-adopted academic content standards. Integrated English language development includes specially designed academic instruction in English. (5 CCR 11300)

Native speaker of English means a student who has learned and used English at home from early childhood and English has been the primary means of concept formation and communication. (Education Code 306)

Identification and Assessments

Upon enrollment in the district, each student's primary language shall be determined through the use of a home language survey. (Education Code 52164.1; 5 CCR 11307, 11518.5)

Any student who is identified as having a primary language other than English as determined by the home language survey, and who has not previously been identified as an English learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be initially assessed for English proficiency using the English Language Proficiency Assessments for California (ELPAC). Prior to administering the ELPAC, the Superintendent or designee shall notify the student's parent/guardian in writing that the student will be administered the initial ELPAC. (Education Code 313, 52164.1; 5 CCR 11518.5)

Administration of the ELPAC, including the use of variations and accommodations in test administration when authorized, shall be conducted in accordance with test publisher instructions and 5 CCR 11518.5-11518.37.

Based on the initial assessment, the student shall be classified either as initially fluent in English proficient or as an English learner. The Superintendent or designee shall notify the student's parent/guardian, in writing, of the results of the ELPAC initial assessment within 30 calendar days after the student's date of initial enrollment, or, if administered prior to the student's initial date of enrollment, up to 60 calendar days prior to such enrollment, but not before July 1 of the school year of the student's initial enrollment. The notice shall indicate whether the student met the ELPAC initial assessment criterion for proficiency and include the district's contact information for use if the parent/guardian has questions or concerns regarding the student's classification. (5 CCR 11518.5)

Each year after a student is identified as an English learner and until the student is redesignated as English proficient, the summative assessment of the ELPAC shall be administered to the student during a four-month period after January 1 as determined by the California Department of Education. (Education Code 313)

The Superintendent or designee shall notify parents/guardians of their child's results on the summative assessment of the ELPAC within 30 calendar days following receipt of the results from the test contractor or, if the results are received from the test contractor after the last day of instruction for the school year, within 15 working days of the start of the next school year. (Education Code 52164.1; 5 CCR 11518.15)

The parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title I or Title III funds shall receive notification of the assessment of the student's English proficiency. Such notice shall be provided no later than 30 calendar days after the beginning of the school year or, if the student is identified for program participation during the school year, within two weeks of the student's placement in the program. The notice shall include all of the following: (Education Code 313.2, 440; 20 USC 6312)

1. The reason for the identification of the student as an English learner and the need for placement in a language acquisition program
2. The level of English proficiency, how the level was assessed, and the status of the student's academic achievement
3. A description of the language acquisition program in which the student is, or will be, participating, including a description of all of the following:
 - a. The methods of instruction used in the program and in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction
 - b. The manner in which the program will meet the educational strengths and needs of the student
 - c. The manner in which the program will help the student develop English proficiency and meet age-appropriate academic standards for grade promotion and graduation
 - d. The specific exit requirements for the program, the expected rate of transition from the program into classes not tailored for English learners, and the expected rate of graduation from secondary school if applicable
 - e. When the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP
4. As applicable, the identification of a student as a long-term English learner or at risk of becoming a long-term English learner, as defined in Education Code 313.1, and the manner in which the program for English language development instruction will meet the educational strengths and needs of such students and help such students develop English proficiency and meet age-appropriate academic standards
5. Information about the parent/guardian's right to have the student immediately removed from a program upon the parent/guardian's request
6. Information regarding a parent/guardian's option to decline to enroll the student in the program or to choose another program or method of instruction, if available
7. Information designed to assist a parent/guardian in selecting among available programs, if more than one program or method is offered

Language Acquisition Programs

Whenever parents/guardians of enrolled students, and those enrolled for attendance in the next school year, request that the district establish a specific language acquisition program in accordance with Education Code 310, such requests shall be addressed through the following process: (5 CCR 11311)

1. The school shall make a written record of each request, including any request submitted verbally, that includes the date of the request, the names of the parent/guardian and student making the request, a general description of the request, and the student's grade level on the date of the request. As needed, the school shall assist the parent/guardian in clarifying the request. All requests shall be maintained for at least three years from the date of the request.
2. The school shall monitor requests on a regular basis and notify the Superintendent or designee when the parents/guardians of at least 30 students enrolled in the school, or at least 20 students in the same grade level, request the same or a substantially similar type of language acquisition program. If the requests are for a multilingual program model, the district shall consider requests from parents/guardians of students enrolled in the school who are native English speakers in determining whether this threshold is reached.

3. If the number of parents/guardians described in Item #2 is attained, the Superintendent or designee shall:
 - a. Within 10 days of reaching the threshold, notify the parents/guardians of students attending the school, the school's teachers, administrators, and the district's English learner parent advisory committee and parent advisory committee, in writing, of the requests for a language acquisition program
 - b. Identify costs and resources necessary to implement any new language acquisition program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent/guardian and community engagement to support the proposed program goals
 - c. Within 60 calendar days of reaching the threshold number of parents/guardians described in Item #2 above, determine whether it is possible to implement the requested language acquisition program and provide written notice of the determination to parents/guardians of students attending the school, the school's teachers, and administrators
 - d. If a determination is made to implement the language acquisition program, create and publish a reasonable timeline of actions necessary to implement the program. If a determination is made that it is not possible to implement the program, provide a written explanation of the reason(s) the program cannot be provided.

The district shall notify parents/guardians at the beginning of each school year or upon the student's enrollment regarding the process to request a language acquisition program, including a dual-language immersion program, for their child. The notice shall also include the following: (5 CCR 11309, 11310)

1. A description of the programs provided, including structured English immersion
2. Identification of any language to be taught in addition to English when the program includes instruction in a language other than English
3. The manner in which the program is designed using evidence-based research and includes both designated and integrated English language development
4. The manner in which the district has allocated sufficient resources to effectively implement the program, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development, and opportunities for parent/guardian and community engagement to support the program goals
5. The manner in which the program will, within a reasonable period of time, lead to language proficiency and achievement of the state-adopted content standards in English and, when the program includes instruction in another language, in that other language
6. The process to request establishment of a language acquisition program not offered at the school
7. For any dual-language immersion program offered, the specific languages to be taught. The notice also may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

The district shall provide additional and appropriate educational services to English learners for the purposes of overcoming language barriers and academic deficits in other areas of the core curriculum. (5 CCR 11302)

Reclassification/Redesignation

English learners shall be reclassified as fluent English proficient when they are able to comprehend, speak, read, and write English well enough to receive instruction in an English language mainstream classroom and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The criteria for determining whether an English learner shall be reclassified as fluent English proficient shall include, but not be limited to: (Education Code 313, 52164.6; 5 CCR 11303)

1. Assessment of English language proficiency using an objective assessment instrument, including, but not limited to, the ELPAC
2. Evaluation by the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions related to the student, including, but not limited to, a review of the student's curriculum mastery and academic performance
3. Parent/guardian involvement, including:
 - a. Notice to parents/guardians of language reclassification and placement, including a description of the reclassification process and the parent/guardian's opportunity to participate
 - b. Encouragement of parent/guardian participation in the district's reclassification procedure, including seeking parent/guardian opinion and consultation during the reclassification process
 - c. Provision of an interpreter for the parent/guardian, when necessary
4. Comparison of student performance on an objective assessment of basic skills in English against an empirically established range of performance in basic skills, based on the performance of English proficient students of the same age, which demonstrates whether the student is sufficiently proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English

The student's language proficiency assessments, the participants in the reclassification process, and any decisions regarding reclassification shall be retained in the student's permanent record. (5 CCR 11305)

The Superintendent or designee shall monitor the progress of reclassified students to ensure their correct classification and placement. (5 CCR 11304)

The Superintendent or designee shall monitor students for at least four years following their reclassification to ensure the students have not prematurely exited, any academic deficit incurred through participation in the English learner program has been remedied, and the students are meaningfully participating in the standard instructional program compared to students who had never participated in an English learner program. (5 CCR 11304; 20 USC 6841)

Advisory Committees

A school-level English Learner Advisory Committee (ELAC) shall be established when there are more than 20 English learners at the school. Parents/guardians of English learners, elected by parents/guardians of English learners at the school, shall constitute committee membership in at least the same percentage as English learners represent of the total number of students in the school. The school may designate for this purpose an existing school-level advisory committee provided that it meets these criteria for committee membership. (Education Code 52176; 5 CCR 11308)

The ELAC shall be responsible for assisting in the development of a schoolwide needs assessment, recommending ways to make parents/guardians aware of the importance of regular school attendance, and advising the principal and school staff in the development of a detailed master plan for English learners for the individual school and submitting the plan to the Board for consideration for inclusion in the district master plan. (Education Code 52176)

When the district has more than 50 English learners, the Superintendent or designee shall establish a District English Learner Advisory Committee (DELAC), the majority of whose membership shall be composed of parents/guardians of English learners who are not employed by the district. Alternatively, the district may use a subcommittee of an existing districtwide advisory committee on which parents/guardians of English learners have membership in at least the same percentage as English learners represent of the total number of students in the district. (Education Code 52176)

The DELAC shall advise the Board on at least the following tasks: (5 CCR 11308)

1. Developing a district master plan for education programs and services for English learners, taking into consideration the school site plans for English learners
2. Conducting a districtwide needs assessment on a school-by-school basis

3. Establishing a district program, goals, and objectives for programs and services for English learners
4. Developing a plan to ensure compliance with applicable teacher or instructional aide requirements
5. Administering the annual language census
6. Reviewing and commenting on the district's reclassification procedures
7. Reviewing and commenting on the required written parental notifications

In order to assist the advisory committee in carrying out its responsibilities, the Superintendent or designee shall ensure that DELAC and ELAC committee members receive appropriate training and materials. This training shall be planned in full consultation with the members. (5 CCR 11308)

LCAP Advisory Committee

When there are at least 15 percent English learners in the district, with at least 50 students who are English learners, a district-level English learner parent advisory committee shall be established to review and comment on the district's local control and accountability plan (LCAP). Such advisory committee shall provide input regarding the district's existing language acquisition programs and language programs, and, where possible, the establishment of other such programs, in accordance with BP 0460 - Local Control and Accountability Plan. The committee shall be composed of a majority of parents/guardians of English learners. If the DELAC acts as the ELAC pursuant to Education Code 52063 and 52062, the DELAC shall also review and comment on the development or annual update of the LCAP. (Education Code 52062, 52063; 5 CCR 11301, 15495)

The DELAC may also serve as the LCAP English learner advisory committee.

Policy 6177: Summer Learning Programs

Status: DRAFT

Original Adopted Date: 04/01/2013 | **Last Revised Date:** 03/01/2023

The Governing Board recognizes that an extended break from the instructional program may result in significant learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills, make academic progress, and develop social, emotional, and physical needs and interests through hands-on engaging learning experiences.

Summer programs offered by the district shall be aligned with the district's local control and accountability plan (LCAP), other applicable district and school plans, and the educational program provided during the school year. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social and emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.

Summer School

The Superintendent or designee shall establish summer school classes pursuant to Education Code 46120.

The district's summer school program may be used to provide supplemental instruction to students needing remediation and/or enrichment in core academic subjects.

As appropriate, priority for enrollment in summer school programs shall be given to district students who:

1. Need course credits in order to graduate from high school before the beginning of the next school year
2. Have been retained or are at risk of being retained at their grade level
3. Demonstrate academic deficiencies in core curriculum areas
4. Are in targeted student groups identified in the district's LCAP as needing increased or improved services to succeed in the educational program
5. Are in grades transitional kindergarten (TK)-6 and are required to be offered or provided access to Expanded Learning Opportunities Programs pursuant to Education Code 46120 and BP/AR 5184.2 - Before/After School Programs

The remaining openings shall be offered to other district students on a first-come first-served basis.

Because summer courses cover extensive instructional content in a relatively short time period, students who have more than three excused absences or one unexcused absence may not receive credit for summer session class(es) unless they make-up missed work in accordance with law, Board policy, and administrative regulation.

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to accommodate the maintenance needs of district schools.

The Superintendent or designee shall annually report to the Board on summer school enrollment in the current year and previous year for the program as a whole and disaggregated by grade level, school that the students attend during the regular school year, and student population. In addition, the Superintendent or designee may report on the extent to which students successfully achieved the outcomes established for the program.

Additional Summer Learning Opportunities

The Superintendent or designee may collaborate with parents/guardians, city and county agencies, community organizations, child care providers, and/or other interested persons to develop, implement, and build awareness of organized activities that support summer learning.

Strategies to support summer learning may include, but are not limited to:

1. Providing information to students and parents/guardians about summer reading programs scheduled to be

conducted by public libraries or community organizations

2. Collaborating with the local parks and recreation agency and/or community organizations to provide day camps, sports programs, or other opportunities for physical education and activity
 3. Collaborating with workforce development agencies, businesses, and community organizations to provide summer job training opportunities that include an academic component
 4. Encouraging reading in the home, such as providing lists of recommended reading to students and parents/guardians, establishing a target number of books or pages, and providing prizes for achievement of reading goals
 5. Assigning summer vacation homework in core curricular subject(s) for extra credit
 6. Conducting occasional, interactive "fun days" during the summer to provide activities related to art, music, science, technology, mathematics, environmental science, multicultural education, debate, or other subject
 7. Arranging opportunities for community service

Policy 6178: Career Technical Education

Status: DRAFT

Original Adopted Date: 03/01/2008 | **Last Revised Date:** 10/31/2022

The Governing Board desires to provide a comprehensive career technical education (CTE) program in the secondary grades which integrates core academic instruction with technical and occupational instruction in order to increase student achievement, graduation rates, and readiness for postsecondary education and employment. The district's CTE program shall be designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge- and skills-based economy.

The district's CTE program shall focus on preparing students to enter current or emerging high-skill, high-wage, and/or high-demand occupations by providing a rigorous academic component and practical experience in all aspects of an industry. CTE opportunities may be offered through linked learning programs, partnership academies, apprenticeship programs or orientation to apprenticeships, regional occupational centers or programs (ROC/Ps), charter schools, small learning communities, magnet programs, or other programs that expose students to career options while preparing them for future careers in a given industry or interest area.

The Superintendent or designee shall explore available funding sources that may be used to support CTE programs. The Board shall review and approve all district plans and applications for the use of district, state, and/or federal funds supporting CTE.

The Board may adopt district standards for CTE which meet or exceed the state's model content standards and describe the essential knowledge and skills that students enrolled in these courses are expected to master. The course curriculum shall be aligned with district-adopted standards and the state's curriculum framework.

At least every three years, the Board shall compare the district's curriculum, course content, and course sequence of CTE with the model state curriculum standards. (Education Code 52376)

The Superintendent or designee shall systematically review the district's CTE courses to determine the degree to which each course may offer an alternative means for completing and receiving credit for specific portions of the course of study prescribed by the district for high school graduation. CTE courses approved for these purposes shall be equivalent in content and rigor to the courses prescribed for graduation. (Education Code 52376)

The Superintendent or designee may develop partnerships with local businesses and industries to ensure that course sequences, career technical and integrated curriculum, classroom instruction and projects, and assessments have real-world relevance and reflect labor market needs and priorities. The Superintendent or designee shall also work to develop connections with businesses, postsecondary institutions, community organizations, and/or other employers to provide students with actual or simulated work-based learning opportunities.

The Superintendent or designee may collaborate with postsecondary institutions to ensure that the district's program is articulated with postsecondary programs in order to provide a sequential course of study. Articulation opportunities may include dual or concurrent enrollment in community college courses.

The Board may appoint a CTE advisory committee to develop recommendations on the district's CTE program and to serve as a liaison between the district and potential employers. The committee shall consist of at least one student, teacher, business representative, industry representative, school administrator, member of the general public knowledgeable about the disadvantaged, and representative of the field office of the California Employment Development Department. (Education Code 8070)

The Superintendent or designee shall inform all secondary students and their parents/guardians about the CTE experiences available in the district, CTE courses that satisfy college admission criteria, and, if applicable, CTE courses that satisfy high school graduation requirements. In addition, secondary students shall receive individualized academic counseling which provides information about academic and CTE opportunities related to the student's career goals.

Prior to the beginning of each school year, the Superintendent or designee shall advise students, parents/guardians, employees, and the general public that all CTE opportunities are offered without regard to any actual or perceived characteristic protected from discrimination by law. The notification shall be disseminated in languages other than English as needed and shall state that the district will take steps to ensure that the lack of English language skills will not be a barrier to admission and participation in the district's CTE program. (20 USC 2354; 34 CFR 100 Appendix B,

104.8, 106.9)

To the extent required by law, the Superintendent or designee shall invite the participation of private school students in CTE programs supported by federal funding under the Strengthening Career and Technical Education for the 21st Century Act (Perkins). (20 USC 2397)

The Superintendent or designee may collaborate with businesses, government agencies, postsecondary institutions including universities and career technical schools, community organizations, and/or other employers to provide students with actual or simulated work-based learning opportunities through college and/or career fairs.

When planning to hold a college or career fair, the Superintendent or designee shall notify each apprenticeship program in the county. The notification shall include the planned date, time and location of the college or career fair. (Labor Code 3074.2)

The Superintendent or designee shall ensure that teachers of CTE courses possess the qualifications and credentials necessary to teach their assigned courses. The Superintendent or designee shall also provide teachers and administrators with professional development designed to enhance their knowledge of standards-aligned CTE and shall provide opportunities for CTE teachers to collaborate with teachers of academic courses in the development and implementation of integrated curriculum models.

The Superintendent or designee shall provide counselors and other guidance personnel with professional development that includes, but is not limited to, information about current workforce needs and trends, requirements of the district's CTE program, work-based learning opportunities, and postsecondary education and employment options following high school.

The Superintendent or designee shall regularly assess district needs for facilities, technologies, and equipment to increase students' access to the district's CTE program.

The Superintendent or designee shall annually report to the Board achievement data on participating students, including, but not limited to, the percentage of participating students who successfully complete CTE programs, their performance on state and district academic achievement tests, and graduation rates. Data shall be disaggregated by program and various student subgroups. Based on such data, the Board shall determine the need for program improvements and update the goals in the district's local control and accountability plan as necessary.

The Superintendent or designee may also enter into an agreement to provide individual instruction to a district student who is in a hospital or other residential health facility located within the boundaries of another district. (Education Code 48208)

Whenever the district provides individual instruction to a non-district student who is in a hospital or other residential health facility located within district boundaries, the Superintendent or designee shall, within five working days of the beginning of the individual instruction, provide written notification to the student's district of residence that, effective on the date on which individual instruction began, the district of residence may not count the student for purposes of computing that district's average daily attendance. (Education Code 48208)

A student receiving individual instruction in a hospital or residential health facility for a partial week shall be entitled to attend school or receive individual instruction at home on days in which the student is not receiving individual instruction in the hospital or other residential health facility, if the student is well enough to do so. (Education Code 48207.3)

Home or hospital instruction shall be provided only by teachers with valid California teaching credentials who consent to the assignment. (Education Code 44865)

(Education Code 48240)

Return to School

A student receiving individual instruction who is well enough to return to school shall be allowed to return to the school that the student attended immediately before receiving individual instruction, if the return occurs during the school year in which the individual instruction was initiated. The continuation education program shall be aligned with the goals identified in the district's local control and accountability plan, designed and implemented in collaboration with other high schools within the district, and coordinated with other educational options available to district students.

13. Efforts to ensure school safety and promote a positive school climate

Involuntary Transfer

A decision to transfer a student involuntarily into continuation education classes shall be based on a finding that the student: (Education Code 48432.5)

1. Committed an act enumerated in Education Code 48900
2. Has been habitually truant or irregular in attendance from instruction the student is lawfully required to attend.

Involuntary transfer to a continuation school shall be made only when other means fail to bring about student improvement. However, a student may be involuntarily transferred the first time an act enumerated in Education Code 48900 is committed if the principal determines that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48432.5)

Prior to an involuntary transfer, the student and the student's parent/guardian, or a foster youth's educational rights holder, attorney and social worker, or an Indian child's tribal social worker, and if applicable, county social worker,

shall be given written notice that a meeting may be requested with the Superintendent or designee. (Education Code 48432.5)

At the meeting, the student and the student's parent/guardian, or, if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or, if the student is an Indian child, the Indian child's tribal social worker, or, if applicable, county social worker, shall be informed of the specific facts and reasons for the proposed transfer, and have the opportunity to inspect all documents relied upon, question any evidence and witnesses presented, and present evidence on the student's behalf. The student may designate one or more representatives and witnesses to be present with the student at the meeting. (Education Code 48432.5)

A written decision to transfer, stating the facts and reasons for the decision, shall be sent to the student and the student's parent/guardian or, if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or, if the student is an Indian child, the Indian child's tribal social worker, or, if applicable, county social worker. It shall indicate whether the decision is subject to periodic review and the procedure for such review. (Education Code 48432.5)

The persons making the final decision for involuntary transfer shall not be members of the staff of the school in which the student is enrolled at the time. (Education Code 48432.5)

No involuntary transfer to a continuation school shall extend beyond the end of the semester following the semester when the acts leading to the involuntary transfer occurred. (Education Code 48432.5)

Voluntary Enrollment

As space permits, students who meet the eligibility criteria specified in Board policy may voluntarily enroll in a continuation school. A student may be considered for placement in the continuation school whenever the student's parent/guardian submits a written request to the Superintendent or designee or the student is referred by a counselor or school administrator.

Approval of a student's voluntary transfer shall be based on a finding that the placement will promote the educational interests of the student. (Education Code 48432.3)

Voluntary enrollment shall be subject to the following conditions: (Education Code 48432.3, 48432.5)

1. A student's voluntary placement in continuation education shall not be used as an alternative to expulsion unless alternative means of correction have been attempted pursuant to Education Code 48900.5.
2. The district shall strive to ensure that no specific group of students, including a group based on race, ethnicity, language status, or special needs, is disproportionately enrolled in continuation education within the district.
3. The Superintendent or designee shall annually review disaggregated student enrollment data and report such data to the Governing Board. If it is determined that one or more student groups are enrolled in continuation education at a significantly higher level than their proportional enrollment in the district, the Superintendent or designee shall conduct a review of enrollment criteria and procedures to determine the reason for the disproportionate enrollment.
4. A copy of this administrative regulation and accompanying Board policy shall be provided to a student whose voluntary transfer to a continuation school is under consideration and to the student's parent/guardian.
5. Before a student is transferred and upon request by the student's parent/guardian, the parent/guardian may meet with a counselor, principal, or administrator from both the school that the student is currently attending and the continuation school to determine if transferring is the best option for the student.
6. To the extent possible, voluntary transfer to a continuation school shall occur within the first four weeks of each semester.
7. The transfer is voluntary, and the student has a right to return to the student's previous school.
8. A student who is voluntarily enrolled in continuation education may return to the regular high school at the beginning of the following school year, or at any other time with the consent of the Superintendent or designee.

Intake and Orientation

Upon voluntary or involuntary transfer to a continuation education program, an intake meeting shall be conducted with each student and the student's parent/guardian. At this meeting, the principal or counselor shall provide information about each course and the number of credits that the student needs to complete in order to graduate and shall develop an individualized academic plan for the student. The student, and the student's parent/guardian as appropriate, shall sign a contract indicating their commitment to these objectives.

In addition, at the beginning of each school year, the district coordinator for continuation education, school counselor(s), or other designee(s) shall provide an orientation session for all incoming students and their parents/guardians in order to explain the credit recovery process and establish expectations for student conduct and participation. As appropriate, extended orientation sessions may be provided to assist students in developing academic, social, communication, anger management, or other skills necessary to success in school.

Minimum Attendance Requirement

In continuation high schools and classes, a day of attendance shall be at least 180 minutes. (Education Code 46170)

Each student shall attend classes for not less than 15 hours per week. However, if a student gives satisfactory proof of regular employment, the student may attend classes for not less than four hours per week for the regular school term. These requirements may be met by any combination of attendance in a continuation education class and/or regional occupational center or program. (Education Code 46170, 48402, 48400)

Leaves of Absence

A student enrolled in compulsory continuation education classes may take a leave of absence for up to two semesters for the purpose of supervised travel, study, training, or work in accordance with law, Board policy, and administrative regulation. (Education Code 48416)

Reenrollment

Any person age 16 or 17 years who terminated enrollment in continuation school after obtaining a certificate of proficiency may reenroll in the district once without prejudice. If the student leaves a second time, the Superintendent or designee may deny reenrollment until the beginning of the next semester. (Education Code 48414)

Policy 6190: Evaluation Of The Instructional Program

Status: DRAFT

Original Adopted Date: 03/01/2007 | **Last Revised Date:** 10/01/2018

The Governing Board recognizes that it is accountable to students, parents/guardians, and the community for the effectiveness of the district's educational program in meeting district goals for student learning. The Superintendent or designee shall conduct a continual evaluation of the curriculum and the instructional program in order to identify strategies for improving student achievement.

The Superintendent or designee shall provide the Board and the community with regular reports on student achievement. The reports shall include data for each district school and for each numerically significant student subgroup, as defined in Education Code 52052, including, but not limited to, school and subgroup performance on statewide achievement indicators and progress toward goals specified in the district's local control and accountability plan (LCAP).

In addition, the Superintendent or designee shall conduct an evaluation of any new instructional program implemented in the district and shall regularly assess district progress toward increasing student achievement in all subject areas taught in the district. The findings of such evaluations and assessments shall be reported to the Board.

Based on these reports, the Board shall take appropriate actions to maintain the effectiveness of programs and to improve the quality of education provided to district students.

Annual Evaluation of Consolidated Application Programs

The Board and the Superintendent or designee shall annually determine whether the district's categorical programs funded through the state's consolidated application are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the district level. These criteria may include, but are not necessarily limited to, the progress of all students participating in the program and of each numerically significant subgroup toward goals contained in the district's LCAP, the school's single plan for student achievement, and/or other applicable district or school plans.

Western Association of Schools and Colleges (WASC) Accreditation

The Board believes that accreditation by the Western Association of Schools and Colleges (WASC) can foster excellence and ongoing academic improvement in the district's schools. The results of the accreditation process also may demonstrate to parents/guardians and the community that the schools are meeting their goals and objectives and the WASC criteria for school effectiveness through a viable instructional program.

The Superintendent or designee shall undertake procedures whereby district schools may achieve and maintain full WASC accreditation status. The schools shall conduct a self-study in accordance with WASC requirements, cooperate with the WASC committee during a site visit, and develop and review action plans to increase the effectiveness of the instructional program for students. The Superintendent or designee shall regularly report to the Board on the status of district schools and any WASC recommendations for school improvement.

Not later than 60 days after receiving the results of an inspection of a school by WASC or any other accrediting agency, the Superintendent or designee shall notify parents/guardians in writing of the inspection results and/or shall post the information on the district's or school's web site. (Education Code 35178.4)

If any district school loses its accreditation status, the Board shall give official notice at a regularly scheduled Board meeting. The Superintendent or designee shall provide written notification to each parent/guardian of a student in the school that the school has lost its accreditation status, including the potential consequences of the loss of accreditation status. This notice shall also be posted on the district's web site and the school's web site. (Education Code 35178.4)
