Council members:

The Cleveland Bikeway "Connector" appears to connect Pierce Street to Pierce Street, and this is a very expensive detour that adds length for people using bicycles. This appears to benefit only drivers and people parking their cars on Pierce.

Please do not fund this any further. Please redirect investment into the four high-conflict intersections along Buchanan between Pierce and the Bay Trail.

I put together these seven slides with illustrations, to make the most of your time:

Thank you for viewing.

Kind regards,
