APPLICATION FOR SCHOOL BOARD MEMBER PROVISIONAL APPOINTMENT

Please answer the following questions.

1. Have you served on any community commission, committee, or other type of board? If so, please list them below and dates served. *

Albany Board of Education 2018-2022, Racial Justice Committee, Budget Committee, LCAP committee.

2. Have you participated in any school activities or committees recently? Please list and explain. *

I have been on more than 15 fieldtrips, PTA, Marin Site Council President, Black Parent Advisroy Group leader, volunteered in the classroom along with helping out with events.

*

3. Describe any present or past civic affiliations or activities, including volunteer activities.

Volunteer work with athletics, school events, parent education groups, helped with Otterpop day at Oceanview, Solano Stroll district table, helped serve breakfast, lunch to students.

4. Briefly explain your reason or interest in becoming a school board member. *

I am deeply passionate about nurturing and empowering students to reach their full potential. I firmly believe in the importance of equipping them with the knowledge, skills, and support necessary to unlock their inherent abilities. In collaboration with teachers and staff, it's our collective responsibility to guide and mentor students, helping them to cultivate their aspirations and foster a path towards achieving meaningful and successful outcomes in their lives.

5. What do you see as the basic purpose of public schools? *

To provide a free and meaningful education to all students regardless of their background.

6. What is the role of the school board in the fulfillment of that purpose? *

Our aim is to ensure that every student, irrespective of their socio-economic background, receives a high-quality education without any financial barriers. We are dedicated to providing access to resources, support, and opportunities that will empower all students to reach their full potential and achieve academic success.

7. What issue related to the District and/or public education do you feel most strongly about? *

I feel very strongly about educational access for all students.

8. What should be the relationship between the Board members and the administration in the handling of school concerns? *

I think the concerns should go through the proper channels. Administration should handle it and if there is a reason for the board to get involved, then the board can be a part of the solution.

9. What is the single most critical issue facing the District in the immediate future and how would your background and experiences help the District to meet this challenge? *

Two issues come to mind. The first is the budget, which is always a tough issue because there is never enough money to do everything. My experience on the board and in the district allows me to know firsthand what's working and what can be improved. It's easier to make decisions when you see firsthand how those decisions affect the district. My background in education along with my experience in finance will help as we navigate this.

10. What do you see as the strengths of the Albany Unified School District? *

The teachers, administration, and staff are the backbone of the district and a strength for sure. They keep the district running and make it a home for our students and families. Our students also make the district one of a kind! Every one of them is amazing and can do anything they set their mind to.

11. What do you see as the areas(s) most needing improvement in the Albany Unified School District? *

I think we can work on our communication with families that are less involved. Helping them to connect with all the resources available to the district. The resources are often available but many don't know they exist or how to access them.

12. Can you commit to attending the Regular Board Meetings in person, or via teleconference if necessary? Most Regular meetings begin at 7:00pm; closed sessions may be held at 6:00pm. The scheduled dates are listed below. **Please list in your response below any meetings that you know you will not be able to attend, or confirm that you can attend all meetings.** *

I am deeply committed to the success of our students and firmly believe that it takes a collaborative effort to achieve this. If we have the capacity to assist, it is our responsibility to do so, which is why I am ready to take on this challenge. My four years on the board have been a tremendous learning experience, and the most important lesson I've gained is the idea of being "Hard on issues and soft on people." Dr. Wells has been an influential mentor, and his guidance will continue to shape my decision-making in any future opportunities.
