ITEM: SCHOOLYTICS CONTRACT AGREEMENT

PREPARED BY: SARA STONE, SUPERINTENDENT

TYPE OF ITEM: REVIEW AND ACTION

PURPOSE: The purpose of this item is for the Board of Trustees to review and approve the Schoolytics Scope of Work for Data Integration and Dashboard Development.

BACKGROUND INFORMATION: Albany Unified School District is committed to making data-informed decisions that improve student outcomes, ensure equity, and increase transparency across the system. To support this work, the District seeks to partner with Schoolytics to streamline data access and visualization for educators and administrators.

DETAILS: Schoolytics will provide Albany Unified School District with a comprehensive data integration and visualization solution to support data-informed decision-making aligned with district goals. The proposed work includes consolidating data from multiple platforms—such as Aeries, Fastbridge, IXL, mClass, Google Classroom, Panorama, iReady, DIBELS, CAASPP, and internal spreadsheets—into a secure BigQuery data warehouse. This integration will streamline access to student information and eliminate manual data compilation. Customized dashboards will be developed for administrators, principals, and teachers, offering real-time insights into student achievement, attendance, and behavior. These dashboards will support Multi-Tiered Systems of Support (MTSS) and equity-focused practices by allowing users to disaggregate data by student group and track interventions across domains. The platform is user-friendly and accessible, enabling staff at all levels to use data more effectively in daily practice. Schoolytics will also work closely with district leaders to tailor the dashboards to AUSD’s strategic priorities and provide ongoing support to ensure alignment with Local Control and Accountability Plan (LCAP) goals.

FINANCIAL INFORMATION: \$30,000 (\$25,000 annually, \$5K Implementation Fee in year 1) to be paid from the Lottery-Instructional Materials budget code 010-5830-6300-1110-1000-000-05-L15.
