**PREPARED BY: MARIE WILLIAMS
ASSISTANT SUPERINTENDENT, EDUCATIONAL SERVICES**

TYPE OF ITEM: CONSENT

PURPOSE: The purpose of this item is for the Board to approve secondary School Plans for Student Achievement.

BACKGROUND INFORMATION:

Single Plans for Student Achievement are developed at each school site and include goals to improve student performance, baseline and target metrics to measure those goals, and specific actions to achieve those goals. School Plans for Student Achievement are reviewed and approved on an annual basis by the District's Governing Board.

Pursuant to California Education Code Section 64001 and the federal Elementary and Secondary Education Act (ESEA), schools that receive state and federal funds through the Consolidated Application and Reporting System (CARS) and ESEA Program Improvement funds consolidate all school plans in the School Plans for Student Achievement (SPSA).

In preparing the SPSA, principals work diligently to gather information about their students, collaborate with staff about students' needs, and articulate a set of goals, outcomes, and programs that will support those needs.

The SPSAs were presented for review and discussion at a special work study session on May 25, 2021.

FINANCIAL INFORMATION:

Each School site receives an allocation of discretionary funds and restricted state lottery funds. Discretionary funds can be used for any educational purpose. Lottery Funds must be used only for instructional materials and supplies. Funds are allocated based on projected student enrollment at each

school site.
