<b>Sewer Inspection Software Fees</b>	<b>POSM</b>	<b>ITpipes</b>	<b>Wincan</b>
Software and Installation	\$39,000	\$26,250	\$20,908
Subscription Fee (Year 1) <sup>1</sup>	\$0	\$13,500	\$20,895
Subscription Fee (Year 2-5)	\$0	\$12,825	\$20,895
Support Fee <sup>2</sup>	\$5,500	\$0	\$0
<b>Tyler EAM API Fees<sup>3</sup></b>	<b>POSM</b>	<b>ITpipes</b>	<b>Wincan</b>
API Integration Development and First Year Fee	\$23,912	\$0	\$23,912
API Yearly License Fee	\$3,200	\$0	\$3,200
<b>5-Year Contract Total</b>	<b>\$106,412</b>	<b>\$91,050</b>	<b>\$165,293</b>

<sup>1</sup> Subscription Fees are required annual costs for continual use of the software starting the first year and include support fees.

<sup>2</sup> Support Fees are optional annual costs for technical support after the first year.

<sup>3</sup> These costs are additional costs that would be required for the City’s asset management software provider (Tyler EAM) to develop the integration software with the sewer inspection program.

<b>Required Modules and Services</b>	<b>ITpipes</b>	<b>POSM</b>	<b>Wincan</b>
Mobile License for use by Truck Mounted CCTV	✓	✓	✓
Office License for review of inspections, reporting, and analytics	✓	✓	✓
Sync of collected information to automate merging and uploading of new inspection data into the existing database;	✓	✓	✓
Development of API by the sewer inspection software manufacturer for integration with Tyler EAM/Munis, as necessary	✓	✓	✓
Coordination with Tyler EAM for development of Tyler EAM API for integration with the sewer inspection software suite, as necessary;	✓	✓	✓
Capability of linking pipe inspection data to existing Public Works GIS;	✓	✓	✓
Data Conversion from existing software database to new software;	✓	✓	✓
On-site training for staff (maintenance and engineering);	✓	✓	✓
Ongoing software support.	✓	✓	✓
NASSCO PACP Certified	✓	✓	✓
Unlimited Software Viewer Installations	✓	✓	✓
Unlimited Collection and Reviews	✓	✓	✓
API for Integration with Tyler EAM/Munis	✓	✓	✓
Export and Synchronize Data to External Drives or Networks	✓	✓	✓
ESRI GIS Import and Export	✓	✓	✓
HTML Reports linked to GIS	✓	✓	✓
Custom Reports	✓	✓	✓
Cloud Enabled	✓	✓	✓
<b>Additional Software Features (Optional)</b>			
Web-based Software	✓
