**BACKGROUND INFORMATION:** Previously a District van used to transport students with special needs was stolen and vandalized. It was recovered in an undrivable condition with parts stolen. Repair of this van greatly exceeded its value and usable life. It was determined by the Director of Special Education that a new van should be purchased as a replacement.

**DETAILS:** In accordance with the District's initiative to reduce its carbon footprint, an electric hybrid vehicle was selected by the Transportation Manager. Total purchase price for this vehicle with a manual operated side entry ramp, leather seats, documentation, license, and smog fees, and sales tax is \$79,600.55. To ensure the van would be available for the 2022-23 school year, the purchase was negotiated during summer.
